## YEARBOOK COMMITTEE

It's the end of an era for this outstanding team and the creators of Humans of Nui. For the past 5 years, these legends have worked together, laughed together, cried together, and tried to capture as many memories as possible for students and the community to enjoy for years to come. In Year 9, Angus Putt, Gabby Donald, Jack Thomson, Lyndon Hayter and Luka Leusink, along with their teacher, Kate Findley, made a pact to stick together and create the yearbook for each of their years at college. Special mention to Lyndon, who left in Year 12 but honoured the pact by continuing as part of the team this year. It has been a massive undertaking, but with a lot of coffee and chocolate, we got there! The satisfaction of being part of something so meaningful has been incredibly humbling and rewarding. To the future designers, writers, photographers, proofreaders and event managers out there, we highly recommend getting involved in a project like this. The bonds you form and the publications you get to create are things that will last a lifetime.

Humans of Nui

# The Principal's Report

Ben Claxton

Tuhia ki te rangi  
Tuhia ki te whenua  
Tuhia ki te ngakau o nga tangata  
Ko te mea nui ko te aroha, tihei mauri ora  
Ko te wehi ki te atua  
Me whakakoroiria, tona ingoa i nga wa katoa  
Papatuanuku te whaea papatuanuku, tena koe  
E te whenua, te turanga o te iwi, tena koe  
Ki nga mate, haere, haere, haere atu ra  
E nga Tangata whenua o ngāti Tūwharetoa

Tena koutou, tena koutou, tena koutou  
E nga whānau, tena koutou  
E nga mātārae, tēnā koutou  
E nga kaitiaki o te kura tuarua o Taupō-nui-a-tia  
Tena koutou  
E nga tumuaki tuarua me Kaiako, tēnā koutou  
E nga rangatahi o te kura tuarua o Taupo-nui-a-Tia, tēnā koutou.  
Ko Ben Claxton toku ingoa

We are a large organisation and, in order to function well, we need a big group of people fulfilling their roles with excellence on a daily basis. I could not lead this amazing place without the support of all of our staff. When you start thanking people there is a risk you will unintentionally leave someone out, but I need to acknowledge as many people as I can. We use the Māori whakatauki, he waka eke noa quite a bit here – loosely translated it means, we are all in this together. Our school is a big waka, and we need to be all paddling in the same direction to continue to be successful.

So, to start with, I would like to thank our senior leadership team, comprised of our deputy principals, Richard Murphy, Brenda Ronke, Stephen Fowler, and Maria Heaslip, ably supported by our executive officer, Alice Wichman, and our executive assistant, Tammy Gower, who all work tirelessly to try and create the best outcomes they can for our ākongā.

Thank you to our pastoral care team, from the deans to our Bay Trust staff, our nurses, our counsellor -all humans who care for other people's children like their own.

To our Heads of Faculty, Teachers in charge, and our Kaiako, thank you for all the seen and unseen mahi that goes on every day, and night, to plan and deliver the best possible programmes for our ākongā. When I am able, I consider it a privilege to be able to move around your classrooms and witness you changing lives and helping to create better humans for Taupō and our wider community.

To our support staff - the admin team, the property staff, the canteen staff, our learning assistants, and our various technicians. Well over 100 people who bring their best daily to continue to make our place the best it can possibly be.

I'm extremely proud of all of you. I make a conscious effort daily, while I'm driving to work, to be grateful for the privilege and responsibility of leading this kura.

I would also like to acknowledge our Head students for 2024, Oscar McDougall, Georgia Fox, Angus Putt and Joanne Nörtje. They are an incredible bunch of young people who have completely embodied our values of whakapono, wero, and manaakitanga. I have three young boys of my own, and I genuinely hope they can grow up to be as awesome as you lot! You can be proud of your leadership and the legacy you will leave – I know your families are extremely proud of you as well. In fact, the entire Year 13 cohort, led by our Head Students and House Leaders, has been fantastic all year long. This particular cohort has demonstrated that leadership can take many forms, and many of you, even though you have not had an official leadership title, have been amazing role models to your peers and the younger students. For me, and I know other people share this view too, this year's Year 13 cohort has set the bar for future Year 13 cohorts. I would also like to take a moment to acknowledge our Year 13 Dean, Lesley Purdon, who is stepping down from deaning at the end of this year. Your awahi and support of this year group over the past five years is also reflected in this special group of young people.

2024 has also had its share of challenges. I would like to take a moment to acknowledge the Jolland's whānau, who lost their beloved Tom over Easter this year. It was a time of immense sadness for our school and our thoughts and aroha continue to go out to Tom's family and friends.

Our Year 11 cohort was the first year group to experience the new-look NCEA Level one. The idea of fewer, larger achievement standards seemed great in theory, but in reality, was a much bigger challenge than we all expected. Throw in the literacy and numeracy co-requisite exams, along with the new external digital submissions and it culminated in palpable stress levels for our Year 11 students and their teachers. The external nature of these digital submissions has been removed for 2025 and

beyond, much to the relief of many of our Year 11 teachers.

On a more positive note, at the beginning of this year we launched our rebranded school values of whakapono, wero, and manaakitanga. Values that were embodied by the tupuna our school is named after: Tia. We are utilising the explicit teaching of these values, along with using our behavioural data, to create and refine systems and practices which will continue to enhance our school culture. I subscribe to a quote from Barbara Coloroso, author of the book, Kids Are Worth It, who says, "If kids come to us from strong, healthy, functioning families it makes our job easier. If they do not come to us from strong, healthy, functioning families, it makes our job more important." Academic excellence is paramount, but it is also my belief that we should be helping to create better humans. If we can continue to do that, then I know our school and the Taupō community will reap the benefits.

From a property point of view, we have had a number of significant projects kick off this year. Our leaky library is getting a brand new million dollar plus roof, and we are on track to have the library operational by the start of the 2025 school year. Six classrooms in H block have had a refurbishment with new carpet, windows, and autex on the walls, and we have had over 30 heat pumps installed across the school this year. H7 and H8, arguably the ugliest and coldest classrooms in the school are also currently being renovated. Our learning support property modification project, designed to improve equity of access to all areas of the school is well under way. By the beginning of 2025, all areas of the school should be wheelchair accessible, including a new lift for N block. This project involves a number of minor and major works around the school, and it is a project that absolutely needed to happen. We also have new roofs to go on our canteen and English blocks. All in all, 2024 has been a busy but productive year property-wise.

Ben Claxton - Principal

We honour our students' academic achievement, but I also want to take a moment to honour our students who have achieved their own individual success through sport, music, the arts, and cultural activities. Only a few will ever be recognised as being the best in something, but if you know you have brought your best, then you can be proud of that, and I am proud of that, whether you are getting an award tonight or not. You can be proud of demonstrating whakapono – reflecting honesty and integrity in all that you do. You can be proud of demonstrating wero – showing courage and bravery in all school-related activities. Challenging yourself and others around you to be your best. You can be proud of demonstrating manaakitanga – demonstrating respect, support and care for everyone around you.

I look forward to celebrating 2024 with you all tonight and being able to participate in your success. Kia kaha, kia maia, kia manawanui.

Ngā mihi nui kia koutou katoa

# The Board of Trustees Report

Michelle Barnett - Presiding Member

I have now completed 4 years on the Board at Taupo nui a Tia College. I was co-opted on just after the first lockdown of 2020 and then was elected on last year. This has been my first "normal" year with no lock downs, rostering home of students due to waves of covid or teacher strikes. Being a normal year does not mean it has been an easy year, there has been a lot packed into 2024.

The new year started with our new strategic plan that we were finalising this time last year. This strategic plan is for this year and next. The plan encompasses the new school values which align with our strategic goals for the two years. The plan has been shared with the community and can be viewed on the school's website.

The outcome of a student suspension meeting in term one had the board hold a special meeting to review the process followed and checked against the ministry guidelines to ensure that our process was fully compliant, which it was.

It was timely that in person training workshops by the New Zealand School Trustee Association have restarted again and early in term 2 many members of the board attended 'The Board's role in suspension' meetings and made some tweaks to our processes based on the suggestions made in the training and also from the discussions about what other schools do.

*Continues...*

The major property works happening this year are the reroofing of library. If you have been on school grounds you will have noticed that the library is all covered in plastic wrap. Upgrades are happening down at H block and new heat pumps have been installed across the school. To come are more roof repairs and a lift to go in the Nelson Block.

The board gets regular reporting on curriculum areas each meeting and of particular interest have been the literacy and numeracy results. Whilst as a school we are doing better than the national average, there is still some work to be done to help our students achieve these standards that are necessary for them to pass level 1 NCEA. This is also the first year of the new level 1 NCEA and we know it has come with its challenges and changes have already been planned for next year. As a board we look forward to the faculty reports to hear how adaptations will be made to support our learners. Thank you to everyone who has reported to the board over the past year. We appreciate the time it takes to collate the data you present to us and also the time you give up to come and answer our questions.

Policies and procedures are continually reviewed with the link to School Docs being provided in the weekly newsletters for anyone interested in seeing what policies are up for review each term. The new Education Outside the Classroom policies and procedures were implemented at the start of this year. Thank you to everyone who has been involved in implementing these new procedures. A lot of work went into making these robust. We have ERO visiting the school in November and have prepared for their visit over the last few terms.

At our last meeting we farewelled Angus Putt who has been our student representative on the board for the past 12 months. Angus has been a valued member of the board and we appreciate his contributions. We now welcome Daniel Fletcher to the board as the new student rep for the next 12 months.

During the year we farewelled Louise Berney the School executive officer due to her relocating out of town. Louise sat on the property committee and also provided the finance report for each board meeting. We were very fortunate that she was able to extend her notice period and have a handover period with her replacement Alice Wichman as it took some time to find the right person for this role.

At the end of last year we co-opted Kelley Samuels-Hema onto the board as our Iwi representative for three years. Thank you Kelley for your contribution this year and also to all of the other board members. Thank you for the roles you hold on the sub-committees and the contribution you make.

To those sitting exams over the next few weeks – good luck. And farewell to those students leaving our Kura. All the best with your future endeavours.

# Student Representative on The Board of Trustees' Report

Angus Putt

It was an honour to be chosen for the role of Student Representative. I think that giving a student perspective to the governance of our kura is so important for all of our success. Taupo-nui-a-Tia is for the rangatahi, so it is vital that we have a say in how it operates, and what its goals should be. I hope that in my interactions with students from all over the school I have learned what I needed to be able to capture their perspectives at meetings, and represent us with a wide lense.

Some of the key areas that I am passionate about promoting are wellbeing, equality and success. I hope for all students who come here that they will be supported to feel safe and comfortable; that they belong here. Only when they feel this way are they ready to learn and thrive. No matter what our differences are, every learner should be enabled to reach their own levels of success. This might look different for each individual, whether they strive in sporting, artistic, academic or cultural endeavours, but the most important thing is that whatever they choose to do, they are wholeheartedly supported in that. I think that as a board we have carefully considered and worked towards these ideals. Of course there is always room for improvement, and I know that the board will continue to focus on creating the best opportunities for our students.

Reflecting on my time, there have been some key initiatives and projects that I was glad to be a part of. Giving input into our strategic and annual plans, reading community feedback on uniform changes, consulting about zone change proposals, and various building projects are all examples of these. We also responded to the challenges of the implementation of the new NCEA level 1, that staff and students are working with.

Thank you to all of our board members who have supported me to complete this role in a meaningful, effective and enjoyable way. Best of luck to Daniel, elected to this role for 2025!  
Ngā mihi

Angus Putt - Student Rep

# Staff Notes

Written by Maria Heaslip

It has to be said that, despite a tumultuous few years of covid disruption, there is light at the end of the tunnel. 2024 seemed relatively calmer than previous years regarding staff comings and goings to support the educational, emotional, and social journey of our rangatahi. With the education sector in a state of change, including implementing the new Level 1 and the curriculum refresh, Taupo-nui-a-Tia College has done a superb job of keeping teachers in front of our students.

We have had many new faces join our team in 2024. Our Learning Support Team has enjoyed the presence of newcomers, Tash Forrest - our new SENCO, and teacher aides - Rita Itieli, Rennie Bridglall, and Maria Frontera. Debbie Woodward joined the English faculty this year and we also welcomed the arrival of Mary Diso from the Philippines to support our ESOL students. Eden Cowie also returned to the Social Sciences space after an extended period of being a new mum. Ex-student Clay Drysdale - junior music teacher for the 2nd semester- joined the Arts as did Erin Matthews. However, Erin also had a baby this year so is now enjoying her new bundle of joy. We were also lucky to have had Karl Dodunski and Mason Elliot join us in the Technology department this year. Reina Hepi arrived at the beginning of term 3 in the Te Reo Maori department after Anehera Otimi was with us earlier in the year, then left to begin her new journey at Tauhara Primary. Science saw the injection of new blood with Ling Hsei, Ashley Cedar, and Sylvia Mutton joining the faculty this year. Pip Hamilton is new to our ever-growing International team. Thank you all for your mahi this year. Your transition to our kura has been very much appreciated.

It is always sad to farewell staff members as they shut the door on one stage of their lives and open the door to another. Our amazing Della May left us this year to resume a vocation in Social Work with young people. Haere ra to our wonderful ESOL Aide and Junior ESOL teacher, Claire Thaker, who leaves to spend more time with her whānau. Wayne Lather returned to us from sunny Rarotonga, but is once again heading off at the end of the year. The English faculty farewelled Lezel Tunbridge at the end of term 2 as she returned to Auckland and will also farewell James Barnes, who finally gets to put his feet up and retire. Natalie Bound heads home to the mighty Taranaki after 7 years of service to the school. Our amazing Lynn Wigram is heading to Papua New Guinea to begin an exciting new journey and we also farewelled Chris Simm who took up a greenkeeping job at one of the best golf courses in the world! Simon Farrow leaves our maths department after many years of outstanding teaching and service to the school. It is with great sadness that we farewell 2 amazing long-serving staff members. Both are extraordinary women who have given so much to our kura during their time here. Welsh-Scientist Catherine Mackintosh is heading across the ranges to the Hawkes Bay to continue her teaching after 22 years of service at Taupo-nui-a-Tia. Catherine Sunnex retired at the end of term 1. Her inspirational 23 years at the College is a testament to her dedication to the school. We wish both Cath and Cate all the very best in their next chapter.

A huge thank you to all of our hardworking staff for their relentless pursuit to engage, empower, and inspire our rangatahi. "A good education can change anyone - a good teacher can change everything". We would like to extend our aroha to all of our departing staff. Thank you for your mahi and your passion for our young people. Ngā mihi nui kia koutou.

# FROM THE Head Students *of* Nui

Something I hold close to my heart and hope for everyone at our kura is that they consider, what it means to be human. For me, it's to be vulnerable, to feel everything, and to love. It's about experiencing joy and suffering, making choices, and trying to connect with others. I think we can get so caught up in the hustle and bustle of life that we truly forget to live in the moment. A smile from someone we don't know, seeing someone laugh, or being asked how you're doing. Moments like these show how special it is to be a human. We will never have the chance to relive today; that's a gift within itself. Meet new people or compliment someone; live your life with kindness and compassion. Life is non-stop so you have to make time for the things and people that you love, as they fill your cup. The days may be long, but the years sure are short, so live your life to the fullest, and have no regrets. To paraphrase Adele; You can't control everything so just go with it, have a laugh, and enjoy all of it.

## Georgia Fox

Head Student 2024

## Joanné Nortje

Deputy Head Student 2024

Everyone has their own story, sitting here today, all I can say is , I'm proud of mine. Now I know that might sound sappy but it's true. I am proud. I am proud of who I have become over these 5 years at Nui. I am proud to have led the school, and I am proud of the legacy that myself and the other head students have left behind. In the past, I've made many mistakes but one thing that they have taught me is that mistakes are okay, you can either learn from them or hurt from them. I may not be proud of all my mistakes, but at least I know that they have sculpted me into the person I am today. I've owned them, learnt from them and put them behind me. A world without mistakes is a world without growth, learning, challenges and resilience. Without them we might not appreciate our success as much as we should. If there's one thing I could pass on, it would be don't let your mistakes determine who you are. Mistakes are a part of life—they do not define you, but instead help shape how you grow and move forward. Take every opportunity that is given to you and speak up when it feels right. Don't be afraid of the unknown, and be yourself.

# OUR STUDENT LEADERS OF 2024

Becoming a head student has been a transformative experience for me. Before stepping into this role, my days were more straightforward, filled with the usual rhythm of classes, assignments, and socialising with friends. However, the moment I was appointed as head student, a new layer of responsibility was added to my life.

Suddenly, I found myself at the centre of school life, a bridge between the students and the administration. I was no longer just a student; I was a leader, someone others looked up to for guidance and support. This role required me to hone your organisational skills, learn to manage my time effectively, and develop a stronger sense of empathy. I had to balance my own academic responsibilities with the needs of those who came to me for help and advice. One of the most significant changes was the way I viewed challenges. Instead of seeing them as obstacles, I began to approach them as opportunities to make a positive impact. Whether it was mediating conflicts, organising events, or representing my peers in important meetings, each task taught me something new about myself and my capabilities.

Head Student 2024

Oscar McDougall

Deputy Head Student 2024

Angus Putt

My school years at Nui have been some of the best of my life. I'm passionate about contributing to all of the positive cultures around our kura, and have loved doing this in my time here. Promoting wellbeing, academic and sporting success are all key aspirations that I continue to have for both myself and others. Through my contributions as a Head Student, the student council and the awesome interactions that I have around school, I hope to have made students feel welcome and happy here - that they belong. I set high standards for myself, and do my best with both NCEA, hockey and other extracurriculars, in the hope that others might be inspired to do the same. While I do find it challenging to balance commitments, I never regretted getting stuck in from day one. Get involved in as much as you can! When you do, I hope that the people you meet and the experiences you will have will make these years some of the best of your life too.

# YEAR 13 COHORT OF 2024

# FRANCE TRIP

A new culture (or two), different languages, history, food, sights and sites, not to mention long-haul flights, airport queues, bag searches and heavily armed security... Bound for France and Belgium, 33 intrepid travellers set forth via Dubai - an overnight stay to experience the capitalist hub of the Middle East and a journey into the old quarter to barter for a bargain in the souk market.

*Paris; parlez-vous français? Mais oui! Une baguette s'il vous plaît. Merci!*

Being able to practise the language and to hear it daily was invaluable (even if we tripped up often!) The cultural sites of Paris were incredible - the Eiffel Tower, the Sacre Coeur Basilica, the Louvre museum (yes, Mona Lisa was there), the Champs Elysee (with lots of shops for the mega rich), the Palace of Versailles and then some exploring to shop, to eat (even escargots) to soak in the vibe...

Journeying to the north and into Belgium, the history part of the trip focused on sites of NZ importance in WW1. Arras, where we clambered down into tunnels dug by NZ miners underneath enemy lines; Ypres, where he witnessed the haunting sound of the Last Post (played every single night) by locals forever grateful for NZ soldiers saving their town, a WW1 cemetery dedicated to fallen NZ soldiers, and Le Quesnoy, a medieval walled city recaptured by Kiwi soldiers who scaled the walls with handmade ladders, with no loss of civilian life. Today, NZ is celebrated in that town with street names, statues, carvings, a museum and even a Maori restaurant.

Two special towns we visited were St Malo and Mont St Michel. The former, another walled town, is famous for its crepes and we attended a class of crepe making at their cookery school - we all passed and have the diploma to prove it! The latter town is built on a rock surrounded by the water at high tide with a beautiful abbey at the top. Peter Jackson took his inspiration from this for Minas Tirith in Lord of the Rings. Without doubt, one of the

highlights was our visit to our sister school in Sables d'Olonne where we were hosted by French families for a week. They were very generous, and we all spent some time attending their classes. Again, the value of being embedded into French speaking culture cannot be underestimated. We look forward to hosting them when they return to us in March 2025...and we can't wait to go back in 2026!

# PEACE SYMPOSIUM

Eleven Year 12 students were privileged to attend the annual Peace Symposium in Auckland this year with 200 other students from around the country.

# ACADEMIC COMMITTEE

This year's academic committee was responsible for organising and running academic week, information presentations and the highly anticipated year 13 graduation function. From running a massive school-wide Kahoot to supporting senior students with their scholarships and university applications, the committee had a very successful year. We had some other very successful outcomes, with numerous students heading off to university with major scholarships and feeling confident with navigating Study Link. This could not have been made possible without the wonderful support of our committee led this year by Gabby Donald, Rory Mackintosh and Jade Hasse.

Through and Through, this year has been busy for the cultural committee. But when is it never? From delivering chocolate easter eggs, dealing with several mysteriously missing chocolates, handing out daffodils, and being the middle man for student notes to fundraise for the cancer society, there has never been a dull moment. Organising T-day and cultural events for spirit week and throwing shaving cream into Boy-O-Boy competitors, the committee members have been passionate, spirited, and helpful role models for all the following students and cultural members. By bringing the pride and enthusiasm that makes this school so great, 2024 has shaped a core memory for us all.

Convenors- Luka Leusink, Luke Insley & Taylor Weston

# CULTURAL COMMITTEE

# SPORTS COMMITTEE

The Sports Committee at Taupo Nui is a collective group of year 13 students who have the duty of working together alongside Mrs Ronke and Nicole Dickens (Sports Coordinator) in order to organise and lead competitive events and sporting occasions that take place throughout the year. From our annual athletics / colours day, Spirit week physical activities, inter house competitions, and cross country, to our highly competitive staff vs year 13 lunchtime games - we never struggle to find participation numbers, or a range of people to form crowds around our events. I have had the pleasure of leading this committee alongside our staff leaders, to ensure that our school's sports events run smoothly. We have had an exceptional year, and I am proud to have seen success and excellent results from students and teachers alike.

Emily Mortimer, Convenor 2024

The Rangatira Komiti has dedicated themselves to fostering a love and appreciation for Te Ao Māori among students and staff alike. This Year 13-led committee stands out, with its goal to deepen knowledge of Mātauranga Māori and promote the normalization of Te Reo and Tikanga Māori across the school community.

The Rangatira Komiti is committed to creating a long-standing tradition of contributing to the school's cultural fabric. This year, one of their crowning achievements was supporting Matua Snow with the Pō Whakangahau. This festival brought together schools from around Taupō in a celebration of Te Ao Māori through kapa haka. The event was a resounding success, reinforcing the committee's commitment to keeping Māori culture thriving within the school and local community. This will also become a regular annual event allowing all of the schools in the rohe to participate prior to the Tuwharetoa Taiopenga.

Another one of the committee's standout events this year was the annual whānau haka competition, a spirited contest where each house competes to demonstrate its unity and pride through the performance of our school haka. The mana and wairua during this event is electric, with students, teachers, and even family members coming together in a display of strength and tikanga. This year, Tongariro House emerged as champions, proudly taking home the haka shield. This competition not only nurtures school spirit but also builds confidence, cultural knowledge, and kotahitanga - a unity. At its core, the Rangatira Committee's mission is to make Te Reo Māori a normal part of everyday school life. They are constantly developing strategies to weave the language into the school's day-to-day operations, from greeting each other in Te Reo to including Māori concepts and vocabulary in classroom learning. These efforts are not only for Māori students but benefit the entire school, fostering a more inclusive environment where everyone can learn and connect with the language and traditions of Aotearoa.

With the close of the year approaching, the current committee members reflect on the progress they've made, and the legacy they'll leave for the next cohort. The leadership, cultural pride, and sense of responsibility they've cultivated this year will no doubt inspire the next generation of leaders to build upon their successes. The Rangatira Committee's work is a testament to the power of student-led initiatives in creating a richer, more connected school environment. They serve as role models, not only by embracing their own cultural identity but by inviting the entire school to walk with them on this journey of respect, celebration, and growth. Through their dedication, they're ensuring that Te Ao Māori continues to be an integral part of the school's identity for years to come. Mauri ora!

**nuicanteen** It's been a busy year in the canteen. We have had the privilege of welcoming a large group of new student workers. Without them the canteen could not serve the hundreds of students and staff that purchase food each day; before school, at interval, and of course lunch! For many of our students, the canteen is their first experience of employment and we enjoy watching our staff mature and grow in confidence over the years. One of our amazing students, Nanami, has spent all 5 years of her time at our kura working in the canteen, and we are going to miss her immensely next year.

With thanks for another great year! From Siobhain, Rachel, and Megan.

# YEARBOOK COMMITTEE

# Our School LIBRARY

This was an exciting (but short) year for us in the school library. Although the library was closed from the beginning of July until the end of the year for renovations, it meant that we got to have a new roof ... and windows that can actually be opened and closed whenever the need arises. No more leaks! After waiting many years for this to happen, when we were given the go-ahead it was pretty much – “You’ve got one and a half weeks to vacate the premises!” Yikes!

Trolley-loads of history books for the Social Sciences Department and Staffroom were organised and boxes of School Journals were rehomed. We also allowed all students to take out as many books as they wanted to cover 6-7 months’ worth of reading. A few (literally) came to school armed with boxes and bags. Some of our lovely library monitors worked like dogs getting the books off the shelves, in order, and into storage boxes which they also had to label. Their help was very much appreciated, and they did a fantastic job. Other students (organised by their teacher) then came in and moved all the boxes, shelves and furniture into the Reading Room.

Join us as a Library Monitor or member of Book Club for next year!

## AS ALWAYS

Thank you to the library monitors for your volunteer work during the first two terms. Thank you to the Book Club attendees who are always fun, entertaining, and insightful.

# Zenith Public Speaking

It's hard to believe that a group of students that turn up at school at 7:15 am every Thursday aren't crazy, because what student—year 9-13—would give up an extra hour of sleep to trench through the cold to E block to speak in front of 20 fellow students? It takes dedication and confidence, built up to form a formidable group of students who are prepared for the wider world and what it has to offer them. While none of us are Emma Watson at the Human Rights Commission, these students have mastered the art of public speaking, gaining the ability to hold an audience through both seriousness and humour, conquer impromptu speeches, and hold workshops.

Through the completion of roles such as compere—who runs the session for the day—speakers, table topics—a fun improv-heavy series of mini speeches—and the evaluators—who give positive feedback and constructive criticism for all speakers—students can find themselves in a-totally democratic—environment for creating a fantastic sense of unity, shared stories, experiences, and ideas.

This year, we've also entertained more diverse session structures while hosting a Mini Model United Nations session and Hunger Games. At the chair discretion of Luka Leusink and Secretary Mitchell Donald, members were able to improve their speaking skills while “representing” a nation and their views as delegates. They learned how to argue from a viewpoint that might not necessarily represent their beliefs, which is one of the most complex attributes of public speaking. Thanks to Head Gamemaker, Maddie Smillie, Zenith members fought to the death through words and their voices, with a survivor coming out on top on day four. Zenith sessions in general offer valuable experiences and opportunities to step out of your comfort zone, MUN and the Hunger Games offer a more exciting and fun way to delve into who you are when you aren't yourself.

As Zenith president in 2024, I'd like to thank Mrs Holmes for always being with us from the get-go, our year 13's who have been a part of Zenith since years 9 and 10—Angus Putt, Paige Cameron, Maddie Smillie, Gabby Donald, Rocio Dysart, and Charlie Barnett—my vice president, who is also a year 13, Jade Hasse, our head students, and every other member that has made this year of Zenith so great. If you think public speaking is something you want to work on or enjoy, you want to step out of your comfort zone and make new friends, or you are an aspiring head student, then Zenith is the place for you. It is so worth all those cold mornings and sleepy eyes!

# HOCKEY

## Boys 1st XI

The hockey Boys 1st XI had an outstanding season. In the first round of the BOP competition, the team began to find their rhythm, and despite a narrow loss to Trident, they finished 4th in the A grade. Venturing into intercity play, we were surprised to be placed in Division 1, which meant facing tough opponents, including Rankin teams. It was incredible to see the boys rise to the challenge, competing strongly at this level. We even held Tauranga Boys, the 2024 Rankin Cup winners, to a 1-0 scoreline for 59 minutes—so close!

As the tournament approached, the boys were ready for the real test. Despite some challenges along the way (with their amazing haircuts being the least of them), they showed resilience, winning four games and losing three, including one in a shootout and another by a narrow 2-1 margin. Every match was fiercely contested. Throughout the season, the boys demonstrated exceptional team spirit.

They supported one another, worked tirelessly, and lifted each other up when things got tough. Fletcher Norris, alongside fellow leaders Thomas Kalan, Noah Kemp, Jai Garlick, and Oscar McDougall, guided the team through the highs and lows, making this season an unforgettable experience for everyone!

## Boys 2nd XI

This season, the Boys 2nd XI hockey team demonstrated remarkable teamwork, perseverance, and skill, making the school proud with their spirited performances.

Under the guidance of our newly appointed Head Coach Liam Nicholson the team quickly found its footing. Liam was invaluable in shaping the team's performance. His coaching style emphasised discipline, communication, and adaptability, which helped the boys grow each game. Assisting Liam was student coach Abby, whose energy and support brought a unique perspective to the team.

The team showed immense dedication to training, with everybody working hard to improve both their individual skills and their overall team dynamics. Captained by Morgan Corble, the team found its rhythm. Each match provided valuable learning experiences, and the boys were able to adapt and grow stronger with every game. The entire team's success this season was also a testament to the dedicated efforts of Coaches Liam and Abby, and their passion and commitment. We are grateful for their leadership and look forward to seeing their continued impact in the future.

With a strong core group of players set to return next year, the future looks bright for this talented team. We anticipate even more success next season!

## Girls 1st XI

The 1st XI Girls had a great season this year. They competed in the BOP competition each week and finished off the season by attending the Chica Gilmer Trophy during winter tournament in Whangarei. The girls had a great time the improvement this year has been incredible, their last game was a true pleasure to watch. This year we are losing four of our senior players and we wish Georgia, Maddie, Rocio, and Rory all the best for their future hockey journey. Sadly, Mike Rohloff, coach of the 1st XI hockey team is stepping back from coaching next season. We are very thankful for all the time and effort Rolly has given the team, often meaning he has missed out on watching his own daughter's games. Cath Mack is also standing down as manager next season. These two will be truly missed and will leave a big hole in the girls hockey space.

## Girls 2nd XI

The 2nd XI Girls' team had an amazing season this year. The girls worked hard managing to get 3rd in the BOP competition. They finished off the end of the season at North Harbour Hockey in Auckland at the Mary Clinton Cup. The girls had heaps of fun, played extremely hard. They had to dig deep with a couple of major injuries they fought through to the end of the tournament showing resilience after facing some strong opposition. A massive thank you to the coach Jared Nicholson and manager Jonty Garlick for giving up their time to the team.

# FOOTBALL

## Boys 1st XI

What a season it has been! This year, our Taupo-Nui-a-Tia football 1st XI team has stormed to an unexpected second place finish. After a very promising and fruitful start to the season there were hopes of some silverware. Those hopes were dashed by a patch of bad form that saw us lose to Tauhara, JPC, and draw to lakes. Our form from the first half of the season carried us through to a very successful season that saw us finish higher than we have in the last few years. We did all this with a very young squad compared to the other teams in the league- we didn't have a single year 13. Even better things will come from this team next year and further in the future. It has been an absolute pleasure to coach this wonderful group of players, and I have enjoyed every moment of it no matter how stressful. A special thanks to Mr Thompson, Sally McHardy, Mellissa Morrison, Phil Cairn, Sandy Turner, and everyone else who has helped this team throughout the year...signing off George Green.

## Boys 2nd XI

The 2nd XI Boys team played well for most of the season and had a few wins. They were competitive in most games and even scored 3 goals against the 1st XI. The team had lots of fun and stuck together for the whole season. A big thank you must go to Phil Cairn the coach for his dedication and commitment over the season, making it fun; helping the team go forward with their passing, positional play and their skill level. A big thank you to George for his efforts from the very beginning of the season to the end where he took early trainings, combining both teams which created a great atmosphere within boy's football.

## Girls 1st XI

The Girls' 1st XI football team delivered a strong performance this season, finishing second in their round-robin competition against teams from around the region. There were some impressive goals and miraculous saves throughout the season! Abley coached by Dave Giles and Makayla Thorley, they returned to the Maurice Hume Tournament after several years, where the team showcased their skill, resilience and adaptability. Well done, Girls!

I started cycling as rehab after breaking my leg in a foolish accident on the football field. I adored football and I was desperate to recover quickly and get back out onto the field. When I broke my leg I thought my life had ended, if only I knew that was only the start of such an exciting episode of my life. I've found a true passion for cycling and learnt so much in regards to training as a female athlete and the need for consistency. Whether it's thousands of laps of the Taupō velodrome or 100 strenuous kilometres on the road, you must put in the hard yards to reap the benefits. Like any sport, cycling has its highs and lows, yet nothing beats standing up on that podium and seeing all that training paying off. Cycling has changed my life; I've met so many cool people and had so many awesome opportunities. To other athletes who have experienced something similar, or are currently already within a sport, there are so many possibilities available to you if you are willing to put in the work. Consistency is key. Train hard, keep turning up, follow those dreams, and feel the pride when you see it all paying off.

**ALEX  
MILNE**

**Humans of Nui**

# BASKETBALL

## Boys

Basketball continues to grow, with 11 basketball teams this year! 8 of these teams were boys teams. We had 6 of our boys teams playing in the local Taupo Basketball Competition: Junior Development, White, Red, Blue, Green and Senior Development. The Green Team came 3rd in the senior grade and our Blue Team took out the championship.

The Junior Boys Prems Team had a busy year traveling around the north island playing competitive colleges. They had an outstanding season with the following results:  
 BOP 3x3 Champions (A team/A grade)  
 BOP 3x3 Runner ups (B team/B grade)  
 Tip Off Tournament 3rd place (B grade)  
 BOP 5x5 Division AA winners  
 Junior Premierships Zone 2 Tournament 4th place

The Senior Boys Prems Team started the season off by attending the 3x3 Regionals in Auckland before moving into a local Taupo League. This league was created for those more competitive teams called the 'Mana League', this was a new initiative this year. They also travelled across to Rotorua to play in a Rotorua league once a week. They attended the BOP Champs and the AA Premierships Zone 2.

We had a number of junior and senior boys who were selected to represent Taupo and Waikato region at a basketball representative level.

A special thank you to Zavier Jenkins and Leroy Walker for refereeing to our teams during the week and on tournament. As always a massive thank you to the managers, coaches and parents who continue to support our students playing basketball.

## Girls

Girls basketball has grown this year with TNT having a year 9 & 10 team in the junior girls grade and a snr girls team in the Lake Taupō basketball women's grade. Our junior teams had a fun season in the league and fought hard at the Junior Bay of Plenty Championships with small numbers. Our senior girls played well in the Taupō league making the semi finals against the top women's team. They had an amazing tournament at the senior Bay of Plenty Championships coming first in their division. Thanks heaps to Ash and Sammie for coaching the senior girls all year and farewell to Whaea Steph who is retiring from basketball this year.

# RUGBY

## Boys 1st XI

With Nick Hume and Kerian Hema at the helm guiding the team this season, the boys were always going to be well served for commitment and quality of coaching.

The team had a strong contingent of year 12 students with half the squad coming from the year group including and the captains Blake Flavel -Painter and Joe Hema, so hopefully the team will have some experienced players returning in 2025.

The boys started the season on a positive note, taking out the King Country Secondary Schools One Day Competition; winning the McQuilkin Cup. They then went on to compete in the Bay of Plenty Secondary Schools First Division Competition. The team played some awesome rugby during this competition, and it was great to see the ball carrying ability, especially of the tight five developed as the season progressed.

With a powerful front row, their scrum dominated all opponents, and when they got the 'pick and go' rolling they were a hard team to stop.

The boys made the semifinals, finishing in second place in the regular season. They beat Papamoa in a hard-fought semifinal to go through to the final. This was a great achievement, one that has not been matched by a Nui team for many years. They came up against a very well drilled Mount Maunganui team and although they had their chances, our boys struggled to penetrate the very well organised Mount defence going down 23 - 5 in a well contested final.

The team has developed a great culture, with an inclusive and supportive approach. Kia kaha and ngā mihi boys.

## Boys U16s

As the final whistle blew on what can only be described as one of the toughest seasons our U16 rugby team has faced, it's time to reflect on the journey that has brought us here. It wasn't just about the scoreboard, but about resilience, teamwork, and the invaluable lessons learned

While the win-loss record might not reflect it, there were many moments of triumph. Each player showed remarkable growth, both individually and as a unit. The leadership shown by our captain - Kobi Spencer and senior players set the tone, guiding the younger members and inspiring them to keep pushing forward.

Our players are now more experienced and more determined. With another year of development under their belts, there's every reason to believe that next season will bring even greater achievements. We're proud of every player who wore the jersey this season. They've grown not just as rugby players, but as young men. Here's to the next challenge and the continued journey ahead.

## Boys U14

With over 27 players signing up for our Under 14 Rugby Team we knew we were going to be in for an exciting season. Throughout the whole season this group consisting of seven year 10 boys and the rest year 9 showed a great attitude. With consistent attendance at practices, they showed steady improvement throughout the year. The coach Adam Wilks, assistant Alex Henare and manager Tiff Wilks managed this large squad incredibly well. Many of the players had limited experience so it was a matter of balancing player development and participation with successful results. Positivity remained high throughout the season and the team made it through to the semifinals in Bay of Plenty Division Two Competition. A commendable outcome that will give all the players involved great confidence as they progress through their rugby days here at Taupo nui-a-Tia College.

## Girls

After a fantastic season last year, the girl's rugby team missed the 10 or so Year 13 players from last year with none in the team this year. The girls came together for a preseason camp and were lucky enough to have Sarah Hirini and Renee Woodman-Wickliffe come to Taupō and take a training session as part of the Hirini Academy. Continuing to play in the Chiefs Manawa Super 8 Type Competition saw this junior team almost all u16s do it tough. The team was a mix, again like previous years, however missing girls from Tūrangi this year. Growth in the junior numbers saw a Year 9+10 10s team enter in the Bay of Plenty Competition. This was great for our new girls coming through to play each week and learn the game. Big ups to the girls who played both it was a big commitment. The girls fundraised hard to keep fees down and continued to run Tiny Blacks, a first rugby programme for 3-6-year-olds. Having the girl's rugby players visible to younger players hopefully will help grow the women's game. This year we were lucky enough to play/host different travelling teams from Canada and NSW. It is always awesome to see girls' rugby teams from other parts of the world visit New Zealand and play us in Taupō. One Canadian team was preseason and the other post season. The Carson Graham team from Canada we used as a preseason run, just squeezing out a win. The NSW game was a 7s team which saw a mixture of players from across the King County play. We were not in 7s season, and it was a tough game against the Aussies. The post season game against the Taber girls from Canada saw an awesome display of rugby where the girls put into practice everything, they had learned all season into place. Despite only having 16 players the girls took a 60-0 win over the Canadians, this was a great way to finish the season. The girls hosted well and showed the great New Zealand manaakitanga. Thanks again to all our amazing coaches and managers for the time and commitment given to our rugby players. They go above and beyond to make sure that the rugby is meaningful each year. Thank you, Nick, Kieran, Bugs, Hayden, Adam, Alex, Tiff, Josh and Rose.

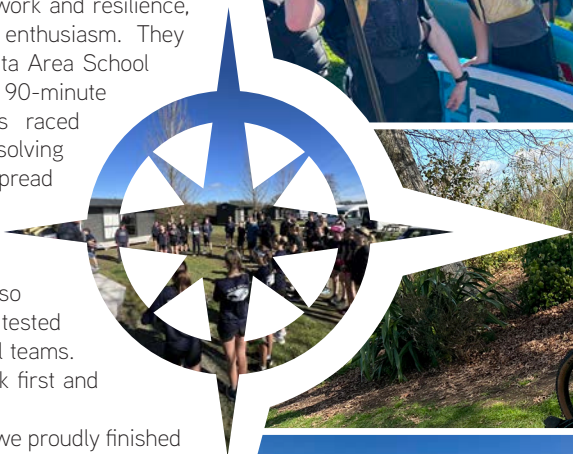

# ADVENTURE RACING

This year, Taupo Nui-a-Tia's school's adventure racing team had the Torpedo7 Get2Go Qualifier Event in Cambridge as their main goal. With 2 teams of 8 students made up of Year 9 and 10's, we were ready to take on the other 16 school teams, and what an adventure it turned out to be! The day started on the waters of Karapiro with a thrilling 90-minute session of kayaking and paddleboarding. Despite the early hour, the team showed great teamwork and resilience, paddling hard and navigating the course with enthusiasm. They finished 2nd to the well-polished Whangamata Area School in this leg. From there, we transitioned into a 90-minute orienteering segment, where the students raced through varied terrain, using their problem-solving and navigational skills to find checkpoints spread across the landscape. Again, we finished second in this discipline. The final leg of the event was mountain biking – 90 minutes of intense pedalling as a relay race so all students had to contribute, which really tested the stamina and determination of both school teams. With Mountain Biking being our forte, we took first and third place in this leg of the challenge.

Although we didn't claim the top spot overall, we proudly finished in second place for our Year 10 Team, and 4th for our young Year 9's, a testament to the hard work, team spirit, and never-give-up attitude of our students. The competition was fierce, but our team's effort was nothing short of outstanding. Each of the 16 students contributed to this success, working together and supporting one another throughout the day.

Congratulations to both teams; Travis Welch, Zene Erasmus, Donald Ryrrie, Yahav Wiesel, Haidee Milne, Makenna Giles, Kian Weston, Aaron Foster, Matthew More, Charlie Simpson, Bianca Stewart, Pipi Hunter, Mollie Garlick, Fergus Fowler, Madison Gillies, Olive Gollies.

# BADMINTON

Badminton has continued to see growing numbers of players participating in our Wednesday and Friday after school sessions. We have a wide range of players enjoying badminton, from students trying the sport for the first time to students working towards competitions with our coach Peter Oh. In particular, we have a large number of junior students playing this year. Our Junior Boys Team won the Division Two Bay of Plenty Finals in August in Tauranga. Our Senior Boys Team played in the top division of the Bay of Plenty Finals for the first time in many years and performed superbly. A

great year so far, with the opportunity to defend the Hardisty Shield in the competition coming up towards the end of term three.

Once a month our team travelled to a Clay Target Club in the Bay of Plenty to compete in the Secondary School Competition. There are 3 disciplines: Single Rise, Point Score and Single Barrel. Overall, this sport has taught everyone in the team: focus, patience, discipline, sportsmanship and a little bit of competitiveness between the other team members.

Our team this year had twelve shooters, ranging from Year 9-12 and is the largest we've ever had. Five first year shooters: Naomi Seymour, Lana Breingan, Ben Partner, Luke Falconer and Jack Staples joined the team, alongside existing shooters: Harrison Knight, George Canning, Nadine Gibbons, Fergus Maclachlan, Harlan Wildey, Jaxon Terry and Hamish Seymour.

A huge thanks goes to our coaches Alec Barrett and Sharon Knight, to our manager, Rachel Canning, and all the parents who have supported us this year. Thanks to the Taupo Clay Target Club members for everything they have done, from helpful tips and mentoring, to letting us practice at their club once a week.

Big thank you to Scott and Mel Gibbons for organising all of the fundraising for our team. We have raised over \$10,000 (including some sponsorship) this year to attend the New Zealand Secondary Schools Clay Target Championships in Christchurch. We are very grateful to our sponsors, Le Pine and Co, Central Wood Recyclers, Absolutely Storage Taupo, Placemakers Taupo, Antz Electrical, Metal Co Tokoroa, Ballance, Farmlands, Mercury Community Fund, Generator Hire Taupo, Taupo Half Marathon Sports Fund, and Independent Electrical Inspections (CNI) without who, we wouldn't be able to attend nationals.

**BE AMONGST THE BEST IN THE WORLD!**

Rowing at Taupo-nui-a-Tia College continues to build numbers and success. This is particularly exciting as our year 9 and 10 students pick up the sport and we know they will have many successful college years ahead. Throughout the rowing season our students consistently made A and B finals with some high placings. This is a significant improvement on the season prior and certainly makes all that hard work worth it. Our rowers represented the college at the North Island Secondary Schools Championships hosted at Lake Karapiro. Notable results being three 1st placings in B finals and making an A final. All our rowers competed and our Tia values shone through. They work together and support each other, screaming from the sidelines and helping each other on and off the water. Also washing everything to prevent the golden clam making its way to Lake Taupo. For the first time in the College's history, students attended the NZSS AON Maadi regatta in the South Island at glorious Lake Ruataniwha. The icy blue water and stunning surroundings, along with excellent results for our three rowers in attendance, was an absolute highlight of the season. Through the winter rowers have continued training and we had students selected for Bay of Plenty Interprovincial teams. Our rowing programme is growing, and full of fun and enthusiasm. We are looking forward again to a wonderful season ahead. Let the results and achievements continue.

## ROWING

This year we had 3 of our Taupo-nui-a-Tia College students, Thomas Farmer, Caitlin Mahoney and George Simpson representing our school at the sailing Central North Island Regionals in a combined team. The team rapidly grew in skills; three of the students had only learnt to sail this season. The skippers had never skippered in a regatta before. A massive thank you to Tash who ran the event and coaches the team.

## SAILING

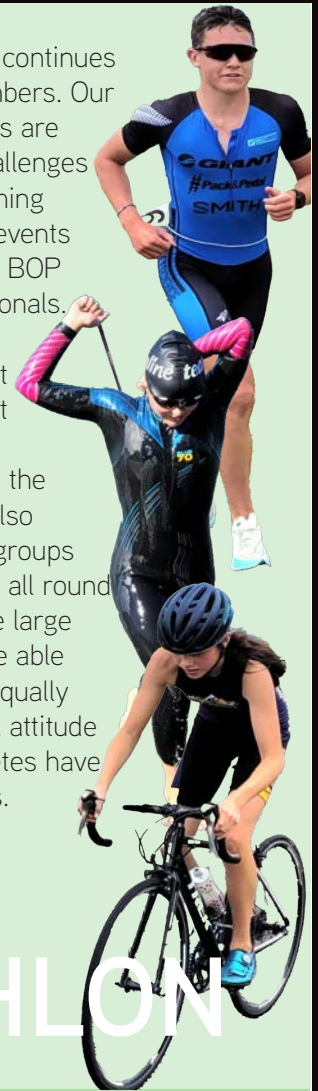

# START

Triathlon at Taupo nui-a-Tia continues to grow in strength and numbers. Our dedicated group of triathletes are busy taking on individual challenges throughout the summer, coming together for the two school events in February and March - the BOP SS Champs and the SS Nationals. With Nationals being held in Mount Maunganui this year it was great to get a significant number of our students take on the challenge. Along with the individual entries we were also able to put two Team Relay groups together, with great success all round. Not only are we proud of the large number of podiums we were able to achieve this season, but equally impressed by the dedication, attitude and commitment our triathletes have shown to achieve their goals.

## TRIATHLON

Waka has been a blast this year, with all of our teams J19 Boys, Tamatoa, J19 Girls, Hinemoana, J16 Boys, Tamateina and J16 Girls, Hinetitama making it to the W6 finals at Sprint Secondary Schools at Lake Tikitapu in March. Also a big ups to our J16 W12 boys & girls mixed crew, Tia, making it to the Takere Finals.

Additionally, a huge congratulations has to go to our J19 Girls team Hinemoana, coming 3rd in their 500m Kei Final under the 3 minute mark. Due to our success at sprints a hearty crew decided to battle through the fog, cold and rain in the winter months. A special mention goes to Tamateina who competed in the Rotohoe Series of long distance regattas.

A huge mihi goes out to our coaches Mr Thiele and Whaea Steph plus all the adult supporters who helped make our season such a successful one. See you on the water. Kia mau, ki te hoe, hoes.

## WAKA AMA

This year we had 9 Netball teams that competed in the weekly Saturday competition at the Taupo Netball Centre. There were 90 students playing each week for the Prem's, Senior A, Academy, Junior A, Junior B, Red, Green, White and Yellow teams. With our new netball dresses all the teams looked sharp on the court. It was awesome to see so many Nui teams down at the courts giving it their all each week. Congratulations to the following teams who won their respective grades. Prem's netball team were the winners of the A Flight Finals, academy were the winners of the B Premier Finals, and the red team were the winners of the B Flight Final.

Thank you to Adah Willaims, Makayla McHardy, Zene Erasmus and Sonika Volschenk who umpired each week for our nui teams. Also thank you to our student coaches Grace Hura, Vanya Heaslip and Phoenix Barnett.

This year our Junior A team played in a one-day Junior netball exchange between Rotorua Girls' High and Hastings Girls' High School. It was a great day up at Owen Delany Courts. We look forward to this being an annual event each year. The prem's team finished the season by competing at the Upper North Island Secondary School (UNISS) Netball tournament in Auckland. The girls have come a long way since the start of the season to the end. They have learnt so many new skills, made new friendships, overcome challenges and continued to laugh and support each other. The team finished 14th in the C grade which is an outstanding result that they should be proud of.

Armani Wall, Renee McNeish and Meadow Peacocke were selected to attend Magic in the Making after being a standout at UNISS.

We say farewell to Ora Williams this year who has been involved with our prem's netball team for several years. Ora's netball knowledge and kind caring nature will be missed by the girls. Thank you for your contribution to nui netball, you will be missed.

A massive thank you to all our other coaches and managers who give up their time each year, we appreciate all that you do for our students.

# NETBALL

Volleyball continues to grow at the College with over 100 students playing in teams this year.

The senior competition takes place in Term 1 and our students competed at the Bay of Plenty Championships across three tournament weekends.

Our senior girls also competed at the NZSS competition in Palmerston North. The junior competition takes place in Term 4 and this has resulted in losing our students who are new to the College from the sport of volleyball, as they have to wait all year to play again.

So, welcome to the Winter Wednesday Volleyball leagues for the second year running!

In Term 2, the give it a go, come along and have a social hit around was attended by 70 students on a Wednesday evening. In Term 3 we invited Tauhara College to join us for a more competitive league with over 50 of our students taking part. These leagues have been a bunch of fun and surely instrumental in increasing the participation in volleyball.

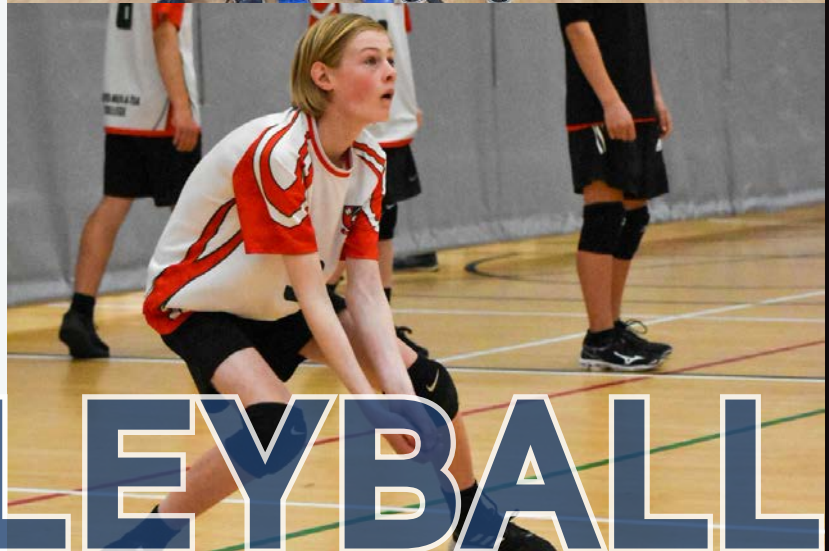

The support from Bruce Mason, James Hunter and Darren Tiplady as well as our student senior boys helping, has been driven the success and we can't thank everyone enough!

In Term 4 last year we had 1 boys team and 2 girls teams. This year we expect we will have 2 boys teams and at least 2 girls teams. The growth in numbers is exciting.

Last year the girls A team and the boys team competed at the Bay of Plenty Championships across three tournament weekends. These teams also competed at the North Island Junior Volleyball Championships in Auckland.

The girls B team took up the opportunity to play in a weekly league hosted in Rotorua which went really well.

Volleyball is an easily accessible sport that can be played in any weather and easily onsite at the College. Come and give it a go!

# VOLLEYBALL

# EQUESTRIAN

Equestrian proves to be a popular sport year after year at Taupo-nui-a-Tia College with our students performing at a high level. We had two riders representing our school in an interschool showjumping class held during Horse of the Year, and Central Plateau Gymkhana held locally, a fun event that caters to all levels of riding ability. Our team placed 2nd overall at the end of the competition. This year for the first time we had a team of four competing in the Pegasus Cup. A showjumping event held at the fabulous Takapoto Estate. Central Plateau Schools Show Jumping competition is a locally held event. The team all rode well and won the event. A special mention to Grace Harcourt, who was Reserve Champion Individual Rider overall. We had two Yr 13 riders, Rory Mackintosh and Neeve Buckingham, represent us at the North Island Secondary Schools Horse Trials. Finally, we had six riders represent us during Winter Tournament Week at the North Island Secondary Schools Equestrian Champs. The team rode well all week against top quality horses and riders. At the close of competition, we were very happy and had some excellent results, 11th in the Competitive Trail Ride, 5th in Arena Eventing, 9th in Dressage, and 8th overall out of 90 teams.

## KI-O-RAHI

This year we took a seniors mixed ki-o-rahi team down to Turangi for the Tuwharetoa Secondary Schools Ki-o-Rahi Championships in February. They played three games in the pool play, dropping only one game to Hirangi. They made it into the grand final where we played our neighbours, Whakarewa.

It was a close final with our team taking out the win! They did not attend Nationals this year.

The junior Tuwharetoa Secondary Schools Ki-o-Rahi Championships are going to be held on 24th September in Turangi with the goal to qualify for Nationals which will be held in Taupo in November.

We have had a large interest in Ki-o-rahi from our juniors! We are excited about the growth of this sport within the kura. A big thank you to Matua Brett for coaching both of the senior and junior teams.

# MOTOCROSS

It has been a busy year for our motocross riders competing at several events around the country. King of the School was first event to be ticked off; Mikayla Griffiths, Toby Gambrill and Maz Parkes came 2nd overall. This was the first time that there has ever been a female on the podium. We had Mikayla Griffiths and Maz Parkes compete at the NZ Junior Motocross Championship held at Flipps MX Park in Foxton. Both riders displayed impressive talent and skill. They blazed through five intense races, in large classes both securing top 3 impressive finishes respectively, Mikayla 2nd NZ and Maz 3rd NZ. We had four students compete at the Bay of Plenty Motocross Interschools Championships. Their individual achievements were very successful, but the excitement of the day was their 2nd place in the Overall Secondary Schools team section. The team consisted of Declan Connors, Toby Gambrill, Maz Parkes; and Reeve Lee. A few of our students attended the South Waikato MX schools. Felix Hathaway placed 3rd in his class (12-16 85cc). Nui was 8th for the day. We had one rider, Felix Hathaway, who competed at the North Island Schools Cross Country race in Taikorea. Felix came away with 3rd in his class (85cc) and 48th overall in the competitive class out of 99 riders. He was in a field of riders ranging from yr9 to yr13. He placed 19th for Taupō nui out of the 50 schools attending. There were 180 riders in total. What a great season for our motocross riders. Well done!

# CYCLING

The cycling calendar stretches from Term 3 holidays in 2023 through to the end of Term 3 2024. There are a huge range of events and Taupo-nui-a-Tia performs outstandingly in all types of cycling. 2024 included events included North Island Mountain Biking, Track, Road and Cyclocross along with the Waikato Bay of Plenty mountain biking and Northern Tour. Mountain biking continued on from Nationals with the Waikato Bay of Plenty Championships, where Taupo-nui-a-Tia was one of the dominant schools and many riders and teams filled the podium spots. This was quickly followed by the more competitive North Island Event where we were represented in cross country, downhill and enduro. Once again the girls were to the fore on the podium with Victoria Barrett 3rd U20 Girls Cross Country and gold for the U20 Girls Cross Country team (Victoria Barrett, Bianca Stewart and Alex Milne). The Road season focused on two events. The North Island championships and Northern tour. Alex Milne performed exceptionally to gain bronze medals in both the road and criterium events at the North Islands. Impressively, Alex (2nd U17) and Victoria Barrett (1st U20), were our only two competitors at the Northern Tour and gained phenomenal results. Cyclocross has a growing participation base and it is pleasing to see our riders cross over to give it ago. At this year's North Island Championships, podium placings went to Bianca Stewart (1st U16) and Victoria Barrett (2nd U20).

## GRACE HURA TE AO MARAMA RYAN

We both began karate when we were only six. It has become a prominent part of both our lives, promising life-altering opportunities to travel and interact with inspiring people from all over the world. Karate is a sport that not only teaches you basic defence mechanisms, but also discipline, commitment and what it means to be part of a family. Hard work is a huge part of what we do, three training sessions a week plus various sessions of self training that range from complex variations to the simplest techniques that would be learnt as white belts. Karate offers various privileges of travel that include representing New Zealand in the 2024 Australasians, Adelaide SA, 2024 Masters camp, Philadelphia USA and ISKF World Cup in London, England this year. Karate has shaped us as people and continues to challenge our patience and determination. We could not imagine our lives without this incredible sport and the future we hope to achieve through it.

Silver Fists (New Zealand Representative team)

# ENGLISH

## adjective

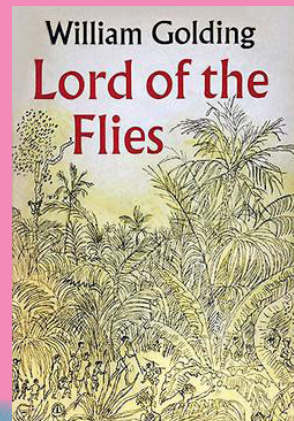

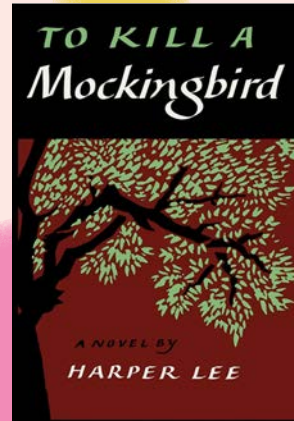

1. Prone to unnecessary spelling, confusing pronunciation, and wildly inconsistent rules; frequently found in Shakespeare quotes, tea parties, and apologising profusely.
2. A linguistic enigma that proudly takes words from every language and somehow spells them worse.

## noun

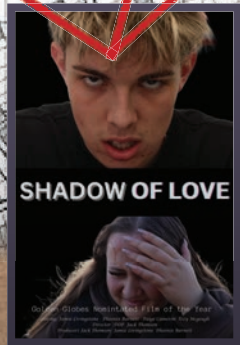

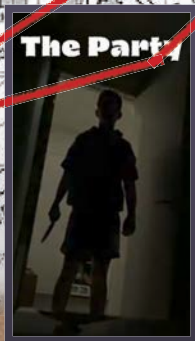

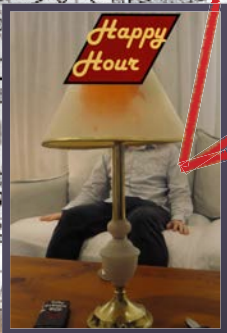

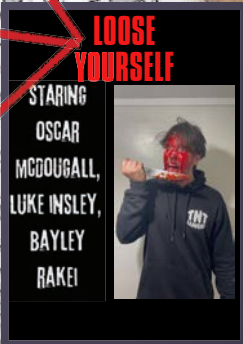

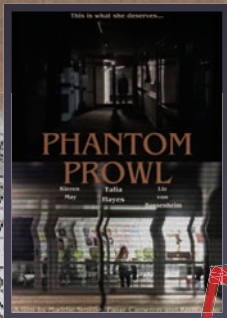

In halls where words and wisdom dance,  
A fierce brigade takes every chance—  
With humour sharp and hearts so true,  
They lift each student, see them through.

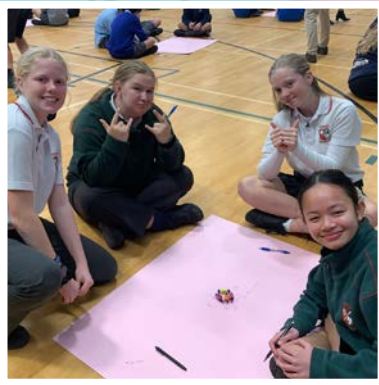

In lessons rich with high ideals,  
They craft success with keen, bold zeal.  
Their standards set the sky so high,  
Yet make each learner reach and fly.

A fabulous crew, both strong and kind,  
Their passion fuels the curious mind.  
In every essay, story, rhyme,  
They sculpt the future, one at a time.  
In English realms, they reign supreme,  
A vibrant, driven, fearless team.

# MEDIA STUDIES

# MATHS

The English book asked the Math book why he was so sad. You know what he said? "Because I have so many problems!"

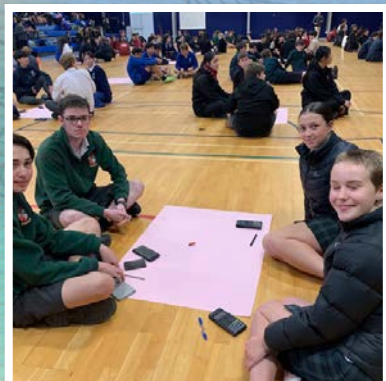

Do you know what mathematicians do after it snows? They make snow angles!

Hey, have you ever noticed what's odd? Every other number!

Did you know that there are three kinds of people in the world? Here they are: people who can count and people who can't.

There was once a talking sheepdog. He ran up to the farmer and said "All 70 sheep are in the pen."

The farmer said, "But I only counted 67!"  
The sheepdog said "Yeah, but I rounded them up!"

# SCIENCE

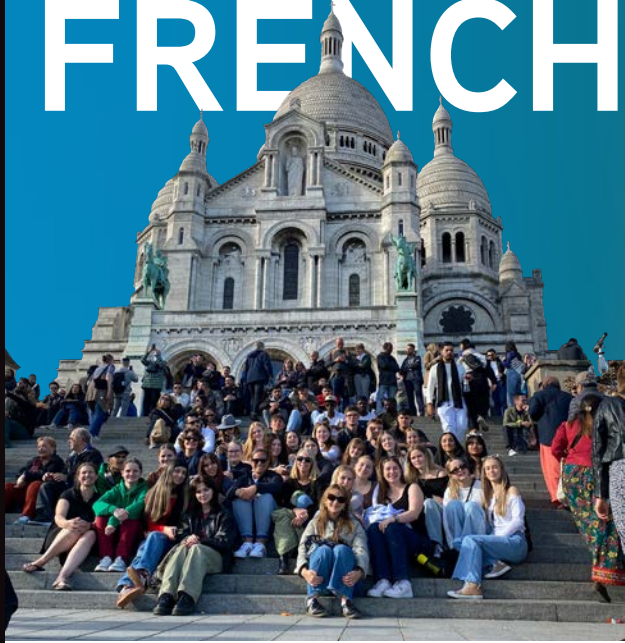

# INTEGRATED LEARNING

Nui's Year 9 students have had a great year in Integrated Learning! While some built aerodynamic CO<sub>2</sub> racers or analysed NBA data, others tested their survival skills or explored their whakapapa.

It has been fantastic to see our youngest students so engaged in their learning, applying the new school values of wero, whakapono, and manaakitanga to these experiences.

# FRENCH

## BONJOUR!

What a special year for our French students! In the first term, we took 28 students (a mix of French and History students) and 3 parents on an 18-day trip to France. We spent a week at our sister school in Les Sables d'Olonne. The students displayed amazing adaptability and enthusiasm throughout the trip, and we were blessed with fantastic weather.

At a junior level, students learning French were having a blast with interactive games and cooking activities. They practiced vocabulary and immersed themselves in French culture, making learning both fun and educational.

This year again, our Year 10 French class had the best opportunity to put classroom learning into practice by teaching French at Taupo Primary School. It was an incredibly rewarding experience. Thanks to Taupo Primary School for allowing us to plant seeds of knowledge and build community connections.

# SPANISH

## ¡HOLA!

Another thrilling year is ending for our Spanish students. Students had a lot of fun, especially with engaging activities that brought the language to life. They participated in interactive games and cooking sessions, where they prepared traditional Spanish dishes...

Once again, our Year 10 Spanish class had a valuable opportunity to apply their classroom learning by teaching Spanish at Taupo Primary School. It was a highly rewarding experience, and we are grateful to Taupo Primary School for enabling us to share knowledge and foster community connections.

Spanish is well known for its vibrant music and dance traditions, so students enthusiastically participated in the National Dance project initiated by The Spanish Program of the University of Canterbury. They danced together to the upbeat Spanish song, "Me gusta la vida" by Funambulista, enjoying the fun and easy choreography. It was a delightful experience for all involved!

# DIGITAL TECHNOLOGIES

Our Year 9 ākonga have been busy exploring digital devices and gaining foundational programming skills, working towards designing and developing simple digital outcomes. While the Year 10 students took things further, applying their learning to create digital outcomes like video games, websites, and apps, while mastering more advanced tools and techniques.

Year 11 students embarked on their NCEA journey, diving into programming, digital media, and user experience design. For our senior students - Year 12 and 13 - the focus shifted to deeper technical expertise through project-based learning, where they delivered larger-scale digital projects that showcase their creativity, technical ability, and analytical skills.

# FASHION & TEXTILES

Our Fashion & Textiles Technology class has been a whirlwind of creativity and innovation, with students busy on various exciting projects. Our projects include designing bibs for the Women's Refuge, crafting eco-friendly Boomerang Bags, making dog coats and saddle bags, and even upcycling cargo pants from the op shop. Using state-of-the-art machinery like professional vinyl cutters, a laser cutter, screen printing techniques, and a brand-new embroidery machine, we've brought our ideas to life with precision and style. Our Year 10 students took their creativity to the next level by designing stunning wearable art pieces, which they proudly showcased in the Hospice Wearable Art Catwalk Competition. A big thank you to our student teacher, Miss Woods, who has been incredibly enthusiastic and knowledgeable. We wish her all the best in her future teaching career!

## RESISTANT MATERIALS

This year, our Technology students embraced the challenges of working with wood and metal, creating impressive projects that showcased their growing skills. Junior students were introduced to the fundamentals such as crafting wooden boxes, wall art, children's toys, and toolboxes that combined both materials. These projects laid the groundwork for understanding craftsmanship and design. Meanwhile, senior students took on more advanced tasks, honing their technical abilities and preparing for potential futures in the trades. Their dedication and creativity in the workshop have not only resulted in beautiful work but also equipped them with valuable skills for their future careers.

## ENGINEERING

Is there a better job than teaching Engineering, I don't think so. Having the opportunity each day to work alongside students while they problem solve, design, and create outcomes is awesome. I don't think we have ever had such a wide range of different projects designed and developed in our workshop as we have in 2024. Using the new achievement standards our Year 11 NCEA students rose to the very, of developing and creating outcomes that would solve a storage issue for a chosen client. Although this was a steep learning curve the students will be better prepared for moving into Engineering at Level 2. Capable, motivated and creative are words I would use to describe the majority of the Year 12 students in 2024. It was fascinating to observe the different approaches some of these students took during the development and creation of their project. Trial and error versus methodical planning and detailed designing. Both methods proved to have their strengths and weaknesses but ultimately we got there in the end.

Once again at Level 3 a good range of projects were on the go. For the first time a group of four students took on the challenge of building an off road mini motorbike with a rear swing arm and suspension. We also had a group of students building Go Karts and a couple of mini racing bikes thrown in for good measure. A great bunch of students, who are well placed both socially and academically to take on the world. We welcomed Karl Dononski to the department. Mr D has slotted seamlessly into our team and we are all loving his energy, sense of humour and his ability to get the mahi done. He brings a wealth of experience (no, this is not a euphemism for being old) and creativity to our kura.

# FOOD AND NUTRITION

## YEAR 9

Students learnt about exciting developments in the world of food. A variety of skills were taught in the practical room with students getting the opportunity to design, develop and cook a range of good foods. Students identified nutritional needs and adapted recipes to meet those needs. They identified what nutrients are in a product (food label) and learnt to understand how it fits with an individual's dietary needs.

## YEAR 10

Students learnt about the exciting world of food product development which involved researching, designing, developing and evaluating food outcomes. This involved researching, designing, developing and evaluating their food product while understanding the importance of materials and process selection for performance, aesthetics, and sustainability.

## YEAR 12 + 13

Our hospitality technology classes have been busy with various exciting projects. While gaining experience in the hospitality industry, students have been learning transferable skills and qualities while practising food safety methods in the kitchen. They produced some delicious baking that provided them with experience to enrol in a Polytechnic and gain further qualifications or the skills to enter the local hospitality industry.

# VOCATIONAL PATHWAYS

In 2024, we welcomed staff to the new Vocational Pathways Team: Denise Trent - Vocational Pathways Leader of Learning; Wayne Lather - 13 Hub Teacher; Julieann Hulena - 11 Explore Teacher; Kiri Wilson - 12 Driver Education Teacher and Nicola Thomsen - Gateway Co-Ordinator.

This year we had two 11 Explore classes, one 12 LTW class, one 12 Drivers Education class and our new 13 Hub. Students have had some wonderful opportunities on their courses and the Hub has been a successful initiative.

Gateway has had another huge year with 70 students having work experience placements. Thanks to Nicola Thomsen, our Gateway Co-Ordinator, who works tirelessly to find employers to host our students on Gateway placements. These experiences are so vital for making those "Life Beyond School" choices. This would not be able to happen without the huge support we get from our community and local businesses. Our employers are incredibly generous and just keep on hosting our students. A huge thank you to the businesses that supported us this year.

The Futures Academy gives students a head start, gaining specific and practical experience and skills in an industry-based setting, and the opportunity to move directly into a job, apprenticeship, or further study, on completion of secondary school. Students in our Hub course have been enrolled in the following trades courses: Electrical Pre-Trade Foundation; Construction; Automotive Engineering; Farming & Agriculture; Cooking and Culinary Arts and Make-up and Skin Care.

Our Year 10 to Year 13 students attended the Careers Roadshow this year. The aim of the day was for students to have the opportunity to talk face to face with the widest range of employers, industry, government departments and training providers. This will help them with their future pathways and subject selection. Thank you to Taupo Pathways for organising the event.

Our Year 12 and Year 13 students visited MB Century, GNS Science, Mercury and Contact Energy as part of Geothermal Week to explore different careers in the industry.

Taupo Pathways Connect Programme connects our students in Year 11 with employers in the Taupo District. Students had the opportunity to visit one of the following: Corbie Films; Sign On, MB Century; TDX; Pāmu; Pinnacle Health; Police; Fire; AC Baths; Cargill Stent & Clarke Lawyers; DPA Chartered Accountants; David's Excellence in Hair; Diamond Laser Medispa; Classic Builders and some Tūwharetoa businesses such as Opepe Farms, Chris Jolly and Hole in One. This enabled our students to expand their knowledge of what careers are available, help them form a career pathway and be better equipped to make informed decisions.

Thanks to all the tertiary providers, Whakapiki Ake, the NZDF, Taupo Pathways, Hauora Taiwhenua Rural Health Network and guest speakers who came into the school to provide our students with information and support for their future pathways. Thank you to all the students who have worked with us in Careers, Gateway and the Futures Academy and for the inspiring conversations we have been part of. Finally, thank you to the Vocational Pathways Team for the extra support provided to our students to enable them to experience success and have the opportunities afforded them.

Denise Trent - Vocational Pathways Leader of Learning

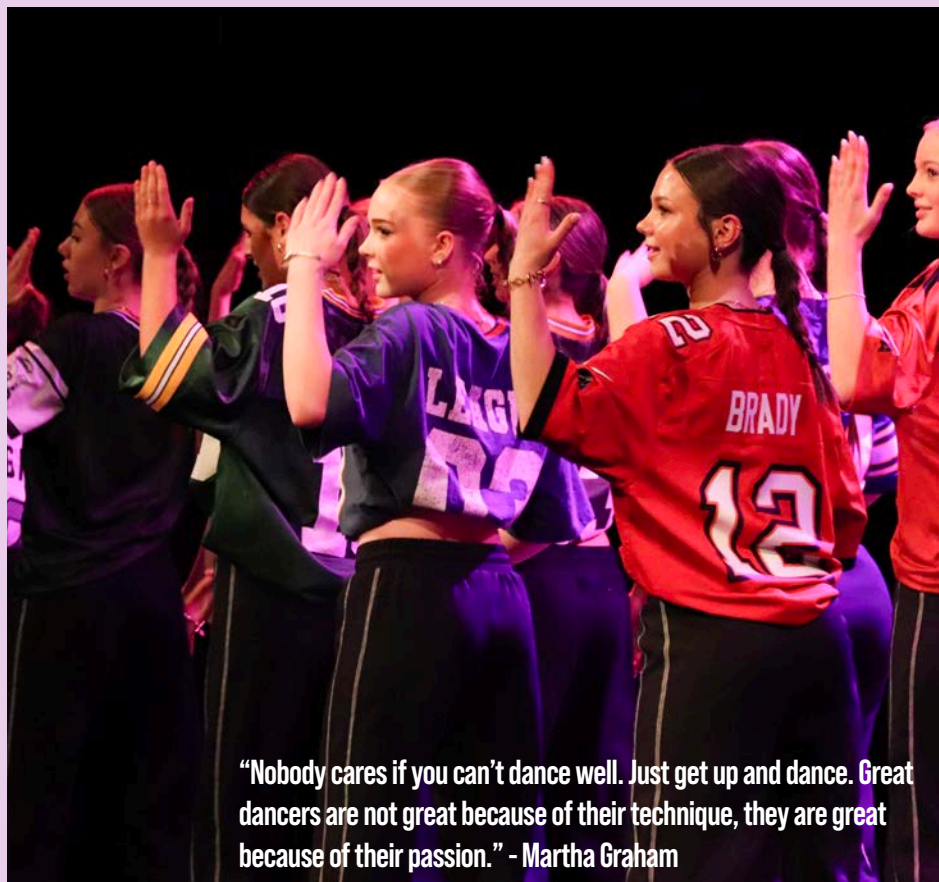

Nui's dance whanau had another wonderful year boogying together in 2025. In Term 2 our dancers performed for sell out crowds for three nights at our school showcase - Momentum. A highlight for the Level 2 and 3 students was performing Thrift Shop which was a dance created for them by ex-student and NZ hip hop extraordinaire Cameron Smith from Space Dance Studio. It was also fantastic to see so many student choreographies in the show. The level of dance at Nui is impressive!

Later in the year our students performed at Huihui with other dancers from Te Puke, Tauhara and Hastings. They all had a great time on and off stage and it was great to see the Nui dance community coming together to support one another. Those that attended the workshops the next day had an incredible time working with some of New Zealand's biggest names in dance including Andrew Cesan, Sarah Foster-Sproull and two students from The University of Auckland. Our students were recognised for their work ethic by all of the facilitators and made Nui proud.

Kieren May and Kamaia Minhinnick say goodbye to Nui this year with both of them pursuing careers in the performing arts. Their solos and duets in this year's shows were incredible and both girls really know how to entertain a crowd! We can't wait to see what they do next.

**"Nobody cares if you can't dance well. Just get up and dance. Great dancers are not great because of their technique, they are great because of their passion." - Martha Graham**

# Art and Photography

Felicity Sutherland - Year 12

Akwana Paenga - Year 12

Brooklyn Gapper - Year 13

Shadae Webber - Year 12

Tram Le - Year 12

Jacob Falconer - Year 13

Hayley Morrison - Year 13

Shadae Webber - Year 12

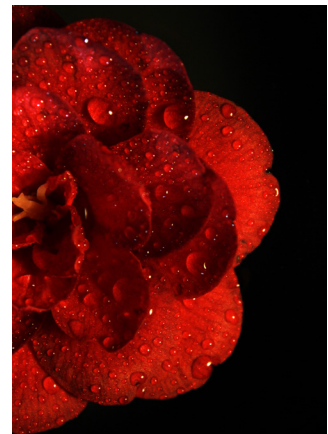

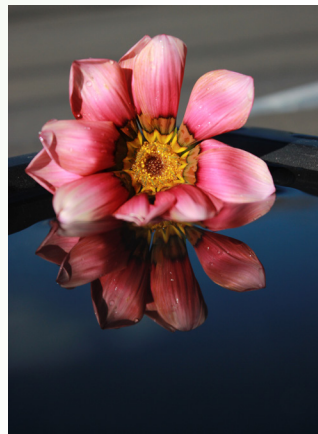

Milly Walker - Year 12

Ben Hamilton - Year 13

Emily Howden Rogers (photography) - Year 12

As with any other year, this has been a busy year for the music department. We welcomed a student teacher, Clay Drysdale, who has been with us through the year. Another new addition to our department is Sam Gale who teaches guitar and bass, and is a band mentor too. Affectionately referred to as Guitar-Jesus by the students, together with Ashley Pirie, Sam also accompanied many of our students for their performances this year, bringing some fantastic live music to the stage. This year we have watched, loved and marked almost 13 hours of performances. Excitingly, we have seen an increase in students across music and we have 12 rock bands that we are mentoring this year. I think the fun part is coming up with the names - Parrot Eater, Where's George, Blue Murder, Revamp, Minimum Wage, Magical Men, Rapid Fire, Out of Bounds, Hazmat, Frog Rock and Irreversible Order! One band is yet to be named and we had two soloists mentored as well.

7 acts competed in SmokefreeRockquest this year - 5 on the stage and 2 in the online category. 5 stage acts made it through the initial heats into the Bay of Plenty finals, where Parrot Eater took out the second place. Additionally, Greer Dixon came second in the solo/duo category. It has been very exciting to watch the progress of these two acts moving into the national finals.

It is with sadness that I say goodbye to all the amazing and talented musicians as I leave the college at the end of this year. A huge thank you to all the fantastic itinerant tutors with whom I have had the privilege to work with over the years, specifically this year to Ashley Pirie (drums, band mentor, technology), April Pirie (junior piano, vocals, band mentor), Sam Gale (guitar, bass, band mentor), Matt Mortimer (bass), Daniel Hickman (bass), Matt West (trombone, Y9 concert band, Jazz Trio), Richard Paull (violin, trumpet, Y9 concert band), Peter Marshall (saxophone), Erin Matthews (senior piano), and Clay Drysdale (guitar). And to the students - keep on learning and getting better, I am proud of all of you.

# MUSIC

## PARROT EATER

In early March 2024, nestled away in the corner of room A1 of the Taupō-nui-a-Tia Music Department, a baby Parrot Eater was born. The band consists of Kaegan Palmer on vocals and guitar, Jack Simon on drums, Daniel Hickman on bass, Thomas Ramsay on lead guitar, and the wonderful Leroy Walker on agogo bells and saxophone. Since the band's inception, we've been pushing musical norms, creating a genre soup of Metal, Psychedelia, and Punk, with songs about Middle Eastern food, prime ministers, stress, and excess wealth. With the support of our wonderful mentor, Ashley Pirie, we came 2nd in the Smokefree Rockquest Rotorua regional finals, and now aim to release an EP cataloguing our year's worth of efforts. We wish the future musicians of Nui luck, and encourage them to chase their musical dreams and get involved in any way they can - the music department rocks! Signing off for 2024, Crow Cruncher, Ibis Incinerator, Macaw Mutilator, Dove Destroyer, and Ostrich Obliterator.

Humans of Nui

# TE REO MĀORI

He tau miharo tēnei tau, ahakoa ngā piki ngā heke. An awesome year this year despite the ups and downs. He pukumahi ngā rangatahi i te marae. Our students have worked hard bringing on a multitude of manuhiri visiting our marae this year. It started with the year 9 pōwhiri then groups from Tahiti, Northern Health School, new staff, new students, Whakapiki ake careers, and Taupō Childrens Corner nohinohi. With the visitors came the mahi behind the scenes with yummy hāngi, steamed pudding and fried bread enabling our seniors to gain credits in an authentic manner.

We held our annual school Manu Kōrero Speech Competition. Congratulations to the following students:

Pei Te Hurinui Jones - Senior Māori Impromptu

1st Place: Tawhai Donaldson

2nd Place: Putiputi Wall

Korimako - Senior English Impromptu

1st Place: Tyree Wall

2nd Place: Meadow Peacocke

3rd Place: Dannilee Wilson-Spencer

Korimako - Senior English Prepared

1st Place: Jhy Connery

Rāwhiti Ihaka - Junior Māori

1st Place: Sophie Rameka Keremete

Sir Turi Carroll - Junior English

1st Place: Frankie Bishop

2nd Place: Zoe Brewster

3rd Place: Zealyn Fore

It was with sadness and honour that our rangatahi went to represent our kura alongside Tauhara College at the tangihanga of Kingi Tūheitia. Walking onto Tūrangawaewae marae with our Ngāti Tūwharetoa kaumātua and hapū was a real privilege. Moe māi rā e te Kingi, he piko he taniwhā, he piko he taniwhā!

# KAPA HAKA

*"New kids; new challenges!"*

2024 started with a lot of optimism and hope that the year would be a good one for our Kapaz whanau and the launching pad for a new cycle. The loss of the previous years' experience sat in the back of our minds with the challenge of the new year. At least we still had a reasonable core of performers from 2023.

Our first call to duty was the powhiri for the year 9s at Rangatahi marae. New members were met, befriended and blooded into action without missing a beat; Te Awhiorangi had sounded the pukaea for 2024. This set in motion the mahi for our members and with a solid core, a past, and new members, we started our Wednesday and Thursday trainings. Oh the pain...

Only a month later, IRONMAN 24 was in town and the group would play an integral role in the powhiri for the many competitors and guests to Taupo. The Saturday morning provided an opportunity for our boys to be part of the waka crew who was paddled out onto Lake Taupo in the early Saturday morning hours, landing at the start point to challenge the athletes to do their best on this very arduous and challenging day

Citizenship gigs for the Taupo District Council helped to boost our training regime and our coffers, so a number of our members were getting regular opportunities to perform. Fresh young faces were put to the test and it took a while for them to develop the confidence and shed those shy tears and stand on their own. We conducted a number of powhiri and citizenship ceremonies, and supported schools and other organisations where we could. So the platform was set, and the rollercoaster ride of challenges and performances continued.

Then, in May, a hui was called and a decision was made to send a group to Rarotonga in 2025. Expressions of interest were called for and we now have a team of 25 preparing to go in June /July 2025. They will be a busy group with fundraising and wananga added to their schedules.

June came and Miraka called. This would be the opening of the Miraka Suppliers dinner which gave the full group an opportunity to put on the stage what they had been learning at practice. For some, it was their first hit-out and it looked like it! However, it was an encouraging effort and well led. With limited space (as usual) the group managed to pull off a very energetic show and their first fundraiser for the year.

In September, a Matua-Snow-inspired-initiative led to us hosting a Po Whakangahau (Night of Entertainment) which also doubled as a fundraiser for the Rarotonga group. Five groups participated in a kapa haka and kai evening including Taupo Primary, Mountview, Hirangi and two of our own groups (Te Awhiorangi and Te Awhiorangi Teina). This gave our group a great workout prior to the Tuwharetoa festival; an opportunity they didn't let slip.

As we have done in the past, we hit the stage running...Tuwharetoa Festival! We were the last group for 2024 and didn't disappoint. Feeling very confident and ready for the occasion, our team produced yet another rousing, and powerful performance; again to a packed house. This is how its done!!!

Again, credit is due to those who put in the long hours for our roopu. Matua Snow and Whaea Dinny put in a lot of time and energy to make us what we are and it is with their guidance that we get the support and recognition from many parts of the community. Also thanks must go to Whaea Teiria for her input and to Mr Barnes who lends his knowledge of the drama field. Kapa Haka requires a special breed of person; we think we are creating a very special group of people. As Matua Snow says "If Kapa Haka was easy, everyone would be doing it!"

Tihei Mauri Ora!

# SGCNZ UOSW SHAKESPEARE FESTIVAL 2024

"All the world's a stage, and all the men and women merely players" according to time-honored, master playwright, William Shakespeare ... So the South Waikato community of school-players took the 'Bard's' advice and got together at the end of term 1 to celebrate the SGCNZ UOSW Shakespeare Festival.

As the host school, Taupō-nui-a-Tia entered two student-directed 5-minute entries and two 15-minute teacher-directed entries. Year 13 students directed a modern take on *Much Ado About Nothing* (from the set of "Love Island"! ) and a year 12 student used *Romeo & Juliet* to highlight how today's "boyz" feel about romance. The 15-minute entries were a modern take on *King Lear* (set in a private grammar school) and an examination of the competitive nature of NZ sports teams on tournament week in *Troilus & Cressida*.

The festival assessors were two talented dramatists from across the motu, and our college's *Troilus & Cressida* extract won best scene, and therefore the opportunity to perform at the National Festival in Wellington at King's Birthday Weekend

Meanwhile, our very own head boy, Oscar McDougall was selected as 'direct entry' to the NSSP (basically a 'best' acting award from the region).

NSSP is the national schools Shakespeare production week which is 10 days of working with professional directors to perform for a 50% chance of being selected for a trip to London's Globe Theatre. King's birthday weekend saw two vans, packed full of set, excited cast, crew and Oscar heading to the Nationals for 5 days of workshops, performances and adventure. We had massive amounts of fun with much laughing, socialising and overcoming some huge challenges to create memories and friendships for life.

2024 was an adventurous year for the Drama Whānau at TNT! There were new level one NCEA standards to conquer, new ways of doing things to embrace and new scripts to learn; all of which created lots of opportunities to sharpen our ability to be flexible, adaptable and resilient.

The “Ugly Shakespeare Company” travelling theatre players came to visit and delivered a rollicking, modern take on Shakespeare’s “Macbeth”.

Proof of creative problem-solving abounded in our department and was highlighted in talented performances at every year level: from year 9’s learning to shape Māori creation kōrero using drama conventions, to the year 10s enthusiastic productions of Greek Theatre and their first taste of learning lines, to our live shows from the senior drama courses.

Not only that, but we hosted the SGCNZ UOSW South Waikato Regional Shakespeare Festival again in April, which saw us win a place at the National Festival in Wellington.

At year 11 Kiwis Come Out at Night is the first live performance many drama students partake in, and is also their first dip into what it’s like being on stage; extracts are rehearsed, learned and performed in front of a real audience. This year we joined the year 11 music students and focused on a couple of scenes from Jean Betts’ kiwi, feminist version of Shakespeare’s A Midsummer Night’s Dream called, Revenge of the Amazons.

In 2024 the year 12 and 13 drama students also took up the wero of performance, except this time in the production of a full play. We traced our kiwi whakapapa back through some pretty strong Irish DNA (and some hilarious Irish accents) back to the 1800s to tell the story of Irish Annals of Aotearoa, by Simon O’Connor (adapted from the novel by Michael O’Leary). This was a combined level performance assessment, and took place over two excellent nights of laughter and tears.

**DRAMA**

It has been another great year for our Physical Education students. Throughout the year our students have the opportunity to participate in a variety of sporting activities, such as volleyball, turbo touch, european handball, just to name a few. Alongside, they deepen their knowledge and understanding of a wide range of biophysical principles, through designing and implementing a training programme and skill development.

However, the Papamoa Leadership camp continues to be the highlight of the year, where Mr Barlow and Mrs Walker travelled to the Christian Campsite for 2 nights. The student planned and ran a number of ABL activities, surf lessons, and games - ultimate frisbee, volleyball and diamond cricket for approximately 65 Intermediate students. Teamwork was the key for all their activities as they were not only challenged to develop their own leadership skills but to inspire new leaders within their groups. The Year 12 students enjoyed putting their leadership skills into practice and were able to build new relationships with other students, setting a great foundation for the rest of the year ahead.

We are immensely proud of many of our students who chose to continue to develop and build on their leadership skills by attending a variety of leadership courses throughout the year, becoming junior sports coaches, as well as putting their hand up for whole school leadership next year, such as Head Students and House Leaders.

Day one was spent on the beach at Mount Maunganui, where they had the opportunity to spend some quality time with their groups, growing and flourishing as a team. Participating in an action packed day full of beach activities, team chant building and surf lessons. On the second day the students participated in tug-of-war, ski races, sand sculptures, and finally participated in the very popular and entertaining group chants. All students really enjoyed their time at camp and had fun while working with their groups. They enjoyed being outside of the school environment and being able to be in control of their own learning.

Thanks also goes to Mrs Maree MacLachlan and Mr Richard Murphy for supporting the camp and assisting throughout the 2 days.

# PHYSICAL EDUCATION

2024 was another remarkable year, with students pursuing their passion for sports leadership. Through a partnership with the Waikato Institute of Leadership and Sport Studies (WILSS), students had the chance to experience hands-on leadership in real-world settings.

Both Year 12 and 13 students were offered opportunities in First Aid and personal training, building their confidence in sports injury treatment and management. They applied these skills in school and at our local Empower Gym.

Students thoroughly enjoyed their six-week training program, during which they developed and implemented personalised fitness plans. For some, it was their first time in a gym, offering them invaluable experience and insight into this career path. Special thanks to the Empower staff, who were warm, welcoming, and extremely supportive throughout our time there.

Many students used this experience to enhance their fitness, setting personal goals and working towards participating in the Tough Guy Tough Gal Challenge later in the year.

Best wishes to all Year 13 students as they graduate and embark on the next chapter of their lives. Good luck!

# SPORT & RECREATION

# GOODBYE FROM *Humans of Nui*

Humans of Nui is a compilation of interviews about the success of students and teachers around the school that we started in 2020. As we have many talented individuals, we thought it would be only right to showcase their hard work and dedication in these written interviews. Humans of Nui is based on the prevalent Humans of New York (HONY) which is a blog of interviews from the streets of New York. So we hope you've enjoyed the snapshots about members of our college and found out who will be a sporting world champion or maybe the next Hollywood star....

▶ SPOT THESE INTERVIEWS THROUGHOUT THE LAST FIVE YEARBOOKS ◀

For as long as I can remember, I've ridden horses. From a young age my passion started, and to this day it continues to grow. When I first started competing, all I wanted to do was be like my older cousin. Now I'm driven by wanting to be at the top of the sport, and the best I can be. My hobby has transformed into competition and work; I often work horses before and after school with no days off. Riding horses has taken me all over NZ, and now the world. Recently, I was given the opportunity to represent NZ in the International Tetrathlon Championships hosted in Ireland and the UK. This involved riding (2\* xc), pistol shooting, swimming, and running. Having little to no experience with pistol shooting, training 4x a week for this was a game changer! Swimming and running was a weak point, so what does one do? Join the swim squad, and force myself into running a few km a day! Although I didn't finish up in the placings, I had learned heaps, made many friends and created some pretty wicked stories to bring back home. Now I'm gearing up for the showjumping and eventing competition season, with a team of five horses. The next time I compete in a tetrathlon will be at the international tetrathlon championships hosted by Australia in 2026, so I've got a fair bit of training to do between now and then!

## SARAH NELSON

*Humans of Nui*

"What do you want to be when you grow up?"

While there won't ever be a straightforward answer to this question, my biggest piece of advice is to find your passions and believe in yourself. Throughout my time at Nui, I've been able to explore my interests in a number of things, from history to debating to yearbook design and sports; everything that I've done has created the person I am today.

As someone who has taken a keen interest in science and found a passion for it, I have had some incredible once-in-a-lifetime experiences on national and international levels. You don't need to have come from a fancy school or have done a million things to achieve success in life; you just need a passion. If you're able to turn your passions into something bigger and a potential career, then that is when you know you are truly winning. And who knows? You might find yourself on the biggest stage at the London International Youth Science Forum, representing your country as 1 of 500 participants from over 84 countries!

Jovarn Merz	Effort and Industry in Science
Chase Murray	Effort and Industry in Digital Technologies
Eva Neeley	Effort and Industry in Dance
Scarlet Peterson	Effort and Industry in Dance

## **AWARDS FOR OUTSTANDING EFFORT & INDUSTRY** *in Year 9*

### **9TA2**

Natalie Beavon	Effort and Industry in Mathematics
Ryder Bell-Booth	Effort and Industry in Mathematics and Science
Caleb Bond	Effort and Industry in Social Studies
Sophie Bunny	Effort and Industry in Mathematics
Anton Cole	Effort and Industry in Science
Rachel Gibbons	Effort and Industry in Science and Social Studies
Nathan Hawes	Effort and Industry in English and Physical Education
Kobe Jessup	Effort and Industry in Physical Education
Grace Long	Effort and Industry in Mathematics, Design and Fashion Textiles and Social Studies
Lily Malem	Effort and Industry in Social Studies
Charlie McCarthy	Effort and Industry in Visual Art and Science
Donald Ryrie	Effort and Industry in English, Physical Education, Spanish, Science and Social Studies
Olivia Spriggs	Effort and Industry in Mathematics and Music
Bailee Sweetman	Effort and Industry in Science
Demi Taylor	Effort and Industry in Mathematics and Social Studies
Emily Webber	Effort and Industry in Science

### **9TG1**

Cole Alden	Effort and Industry in Spanish
Emma Aldridge	Effort and Industry in Spanish
Finn Bolton	Effort and Industry in Design and Resistant Materials and Drama
Lihane Brink	Effort and Industry in English, Mathematics and French
Hollie Durrant	Effort and Industry in English and Science
Sunni Foua	Effort and Industry in Social Studies
Aiden Orchard	Effort and Industry in English and Digital Technologies
Ada Pirovano	Effort and Industry in Science
Isla Smillie	Effort and Industry in English
Anahera Walden	Effort and Industry in Te Reo Māori and Science
Charlotte White	Effort and Industry in Mathematics and Food and Nutrition

### **9TG2**

Chika Aryunda	Effort and Industry in English
Jordyn Clark	Effort and Industry in Te Reo Māori
Chloe Collins	Effort and Industry in Visual Art
Jaekylah-Rose Emani	Effort and Industry in English and Social studies
Harrison Fletcher	Effort and Industry in Design and Resistant Materials
Brook Gibson	Effort and Industry in English
Grace Harcourt	Effort and Industry in English and Mathematics
Hannah Jones	Effort and Industry in Drama, Food and Nutrition, Science and Social Studies
Kea Nukada	Effort and Industry in Design and Fashion Textiles and Science
Karlos Pitiroi	Effort and Industry in Mathematics
Nick Ross	Effort and Industry in Science
Ashton Tattersfield	Effort and Industry in Spanish

## **AWARDS FOR ACADEMIC EXCELLENCE** *in Year 10*

### **1ONG1**

Emily Barnett	Academic Excellence in Art - Design, Mathematics and Outdoor Education
Wiremu Barnett	Academic Excellence in Physical Education Extension Class and Physical Education
Kieren Everett	Academic Excellence in Social Studies, Mathematics, English, Science and Science in the Community
Marine Miller	Academic Excellence in Te Reo Māori
Acacia Ngamotu	Academic Excellence in Te Reo Māori
Emma Putt	Academic Excellence in Mathematics, English and Science in the Community
Aanya Vikram	Academic Excellence in Science
Milla Watts	Academic Excellence in Dance
Lynn Wu	Academic Excellence in Art - Design, Social Studies in the Community, Social Studies, Mathematics, Science in the Community and Physical Education

# AWARDS FOR ACADEMIC EXCELLENCE *in Year 10*

## **1ONG2**

Sophia Blewett	Academic Excellence in Dance
Ciara Charman	Academic Excellence in English
Declan Connors	Academic Excellence in Art - Painting
Tayne Coombes	Academic Excellence in Design and Visual Communication and Outdoor Education
Mitchell Donald	Academic Excellence in Social Studies, English, Science and Physical Education
Lilie Ishikawa	Academic Excellence in Art - Design, Design and Visual Communication, Social Studies, Mathematics, English, Science and Physical Education
Jayde Lumley	Academic Excellence in Food and Nutrition
Kayley Money	Academic Excellence in Physical Education Extension Class
Ben Parker	Academic Excellence in Physical Education
Josh Turner	Academic Excellence in Design and Visual Communication, Mathematics and Physical Education
Hannah Watson	Academic Excellence in Music - Technology and Physical Education
Tayne Weston	Academic Excellence in Music - Technology, Mathematics and Physical Education Extension Class
Vienna Wilson	Academic Excellence in Social Studies

## **1ORU1**

Zach Bidwell	Academic Excellence in Design and Visual Communication
Delta Condon	Academic Excellence in Art - Design, Mathematics and English
Tj Hodges	Academic Excellence in Science
Tiffany Laing	Academic Excellence in English
Bella McDermott	Academic Excellence in Technology - Resistant Materials
Jay McGregor	Academic Excellence in Science
Jordana Orangi	Academic Excellence in Art - Design, Food and Nutrition and English
Harri Prestney	Academic Excellence in Outdoor Education
Ashton Robertson-Rakei	Academic Excellence in English and Physical Education
Joey Salonga	Academic Excellence in English
Jack Taylor	Academic Excellence in Technology - Resistant Materials

## **1ORU2**

Willow Allum	Academic Excellence in Fashion and Textiles Technology, Drama, Mathematics, English, Outdoor Education, and Physical Education Extension Class
Anika Beck	Academic Excellence in Dance and Art Design
Toby Elmiger	Academic Excellence in Science
Charlie Falconer	Academic Excellence in Mathematics and Science
Zara Gillies	Academic Excellence in Food and Nutrition, Social Studies and English
Fergus Maclachlan	Academic Excellence in Technology - Resistant Materials
William Mortimer	Academic Excellence in Outdoor Education, English and Physical Education
Riley Parker-Ord	Academic Excellence in Social Studies
Lizzy Ramsay	Academic Excellence in Art - Design, Art - Painting, Mathematics and English
Antonia Shepherd	Academic Excellence in Food and Nutrition

## **1OTAL**

Ava Bond	Academic Excellence in Mathematics
Louie Cameron	Academic Excellence in Mathematics
Jacob Campin	Academic Excellence in Mathematics
Greer Dixon	Academic Excellence in Music - Technology and Science
Emily Gardyne	Academic Excellence in Science
Tristan Hayter	Academic Excellence in Outdoor Education, French and Physical Education
Harnoor Kaur Bisal	Academic Excellence in Digital Technologies, Social Studies, English and Science in the Community
Ella Nelson	Academic Excellence in Social Studies
Scarlett Thomsen	Academic Excellence in Mathematics
Matthew Tunnicliffe	Academic Excellence in Science

## AWARDS FOR ACADEMIC EXCELLENCE *in Year 10*

### IOTA2

Chloe Comber	Academic Excellence in Mathematics
Chloe Matchan	Academic Excellence in Science in the Community
Amba Mitchell	Academic Excellence in Digital Technologies

## **AWARDS FOR ACADEMIC EXCELLENCE** *at NCEA LEVEL ONE*

Maya Berger	Excellence in Level 1 Design and Visual Communication and Science
Louie Cameron	Excellence in Level 1 History
Jacob Campin	Excellence in Level 1 first equal in Physical Science
Greer Dixon	Excellence in Level 1 Fashion and Textiles Technology
Mitchell Donald	Excellence in Level 1 English
Aj Erasmus	Excellence in Level 1 Metal Technology
Kieren Everett	Excellence in Level 1 Digital Technologies
Emily Gardyne	Excellence in Level 1 first equal in Agriculture and Horticultural Science
Zara Gillies	Excellence in Level 1 Mathematics with Statistics
Tristan Hayter	Excellence in Level 1 French and Outdoor Education and first equal in Physical Science
Marlee Ihaka	Excellence in Level 1 Explore
Lilie Ishikawa	Excellence in Level 1 Biochemistry, Mathematics with Algebra and Physical Education
Jayde Lumley	Excellence in Level 1 First equal in Food Technology
Jay McGregor	Excellence in Level 1 Drama
Acacia Ngamotu	Excellence in Level 1 Te Reo Māori
Elliot Norris	Excellence in Level 1 first equal in Agriculture and Horticultural Science
Shiloh Palmer	Excellence in Level 1 Dance
Dani Raikes	Excellence in Level 1 Geography
Lizzy Ramsay	Excellence in Level 1 Visual Arts
Sienna Rangi	Excellence in Level 1 First Equal in Food Technology
Joey Salonga	Excellence in Level 1 First Equal in Health
Lily Tawhai	Excellence in Level 1 Te Ao Haka
Josh Turner	Excellence in Level 1 Commerce
Hannah Watson	Excellence in Level 1 Music
Adah Williams	Excellence in Level 1 Wood Technology and First Equal in Health

## **AWARDS FOR ACADEMIC EXCELLENCE** *at NCEA LEVEL TWO*

Anabel Berek	Excellence in Level 2 Classical Studies
Mitchell Donald	Excellence in Level 2 History and Mathematics for Engineering
Austin Gibson	Excellence in Level 2 Physics and First Equal in Engineering
George Green	Excellence in Level 2 Chemistry, Enterprise Studies and Physical Education
Ailani Hall	Excellence in Level 2 Geography
Kellie Haycock	Excellence in Level 2 Fashion and Textiles Technology
Daisy Hoe	Excellence in Level 2 Food Technology
Rory McCullough	Excellence in Level 2 Sport and Recreation
Lucy McKay	Excellence in Level 2 Drama
Alex Milne	Excellence in Level 2 Biology and English
Jernelle Ormsby	Excellence in Level 2 Māori Performing Arts
Kaegan Palmer	Excellence in Level 2 Music
Riya Patel	Excellence in Level 2 Dance
Renata Pazzelli	Excellence in Level 2 French
Sascha Percival-Moore	Excellence in Level 2 Mathematics for Social and Health Sciences and Visual Arts Photography
Declan Pyper	Excellence in Level 2 Outdoor Education and First Equal in Engineering
Abby Russell	Excellence in Level 2 Resistant Materials Wood
George Simpson	Excellence in Level 2 Economics
Alysha Singh	Excellence in Level 2 Health
Eve Skelton	Excellence in Level 2 Licence to Work
Emma Staples	Excellence in Level 2 Design and Visual Communication, Visual Arts Design and Visual Arts Painting
Bastian Strobl	Excellence in Level 2 Digital Technologies
Shadae Webber	Excellence in Level 2 Hospitality
Dannilee Wilson-Spencer	Excellence in Level 2 Drivers Education and Te Reo Māori

## **AWARDS FOR ACADEMIC EXCELLENCE** *at NCEA LEVEL THREE*

Taylah Barnett	Excellence in Level 3 Mathematics
Paige Cameron	Excellence in Level 3 English
John Chanas	Excellence in Level 3 Digital Technologies
Morgan Corble	Excellence in Level 3 Engineering and Automotive
Tawhai Donaldson	Excellence in Level 3 Te Reo Māori
Lucas Downes	Excellence in Level 3 Hospitality
Georgia Fox	Excellence in Level 3 Physical Education
Ben Hamilton	Excellence in Level 3 Photography
Daniel Hickman	Excellence in Level 3 Music
Olivia Keir	Excellence in Level 3 Food Technology and Nutrition
Luka Leusink	Excellence in Level 3 Classical Studies, Geography, History and First Equal in Mathematics with Statistics
Jamie Livingstone	Excellence in Level 3 Tourism
Kalaya Messenger	Excellence in Level 3 First Equal in Fashion Textiles
Kamaia Minhinnick	Excellence in Level 3 Dance
Krystal Moody	Excellence in Level 3 First Equal in Fashion Textiles
Hayley Morrison	Excellence in Level 3 Painting
Mani Ngata	Excellence in Level 3 Outdoor Education
Joanne Nortje	Excellence in Level 3 Enterprise Studies and Sport and Recreation
Paige O'Sullivan	Excellence in Level 3 Drama
Angus Putt	Excellence in Level 3 First Equal in Mathematics with Statistics
Jacinta Rice	Excellence in Level 3 Health
Maddie Smillie	Excellence in Level 3 Media Studies
Julienne Soliva	Excellence in Level 3 Chemistry and Mathematics with Calculus
Nicholas Steed	Excellence in Level 3 Biology and Physics
Joshua Thorby	Excellence in Level 3 Accounting
Amélie Wood	Excellence in Level 3 Design and Visual Communication

## **AWARDS FOR SECOND AND THIRD PLACE** *at NCEA LEVEL ONE*

Willow Allum	Second in Level 1 Fashion and Textiles Technology, Music and Outdoor Education
Maya Berger	Third in Level 1 Metal Technology and Visual Arts
Zach Bidwell	Third in Level 1 Design and Visual Communication
Ava Bond	Third in Level 1 Mathematics with Algebra
Izzy Brown	Second in Level 1 Dance
Louie Cameron	Third in Level 1 Wood Technology
James Christensen	Third in Level 1 Physical Science
Mitchell Donald	Second in Level 1 Explore
Kieren Everett	Second in Level 1 Commerce
Thomson Farmer	Second in Level 1 Mathematics with Algebra
Bella George	Third in Level 1 Agriculture and Horticultural Science
Zara Gillies	Third in Level 1 Drama
Ethan Ha	Second in Level 1 Geography
Bailey Hansen	Third in Level 1 Food Technology
Chelsy Harris	Second in Level 1 Te Reo Māori
Tristan Hayter	Second in Level 1 Design and Visual Communication, French and Visual Arts
Ashleigh Holden	Second in Level 1 Digital Technologies
Lilie Ishikawa	Third in Level 1 Fashion and Textiles Technology
Jayde Lumley	Third in Level 1 English
Chloe Matchan	Second in Level 1 Food Technology
Eva Meharry	Third in Level 1 Commerce
William Mortimer	Third in Level 1 Mathematics with Statistics
Acacia Ngamotu	Second in Level 1 Metal Technology
Ben Partner	Second in Level 1 Te Ao Haka
Nidhi Patel	Third in Level 1 Geography
Meadow Peacocke	Third in Level 1 Digital Technologies
	Second in Level 1 Mathematics with Statistics

## **AWARDS FOR SECOND AND THIRD PLACE *at NCEA LEVEL ONE***

Harri Prestney	Second in Level 1 Wood Technology
Emma Putt	Second in Level 1 Physical Education
Dani Raikes	Second in Level 1 History
Lizzy Ramsay	Third in Level 1 French
Milly Sprague	Third in Level 1 Health
Melanie Stol	Second in Level 1 Drama
Lily Tawhai	Third in Level 1 Te Reo Maori
Kordel Toroa	Third in Level 1 Te Ao Haka
Paratene Turuwhenua	Second in Level 1 Physical Education
Aanya Vikram	Third in Level 1 Biochemistry
Leroy Walker	Second in Level 1 Biochemistry
	Second in Level 1 English
Tayne Weston	Second in Level 1 Music
Lance Wharehinga	Third in Level 1 Explore
Adah Williams	Third in Level 1 History
Duncan Williams	Third in Level 1 Outdoor Education

## **AWARDS FOR SECOND AND THIRD PLACE *at NCEA LEVEL TWO***

Tyeast Aramoana	Third in Level 2 Sport and Recreation
Amelia Beavon	Second in Level 2 Digital Technologies
Anabel Berek	Second in Level 2 Design and Visual Communication and Visual Arts Design
Prabhsir Bhullar	Second in Level 2 Hospitality
Sophia Blewett	Second in Level 2 Dance
George Canning	Second in Level 2 Outdoor Education
William Coleman	Third in Level 2 Engineering
