Age: 16 yo

Sex: Female

Nationality: German

Length of stay: 1 term

Homestay

My time in Taupo was such an amazing experience, and I still think back to it with so many great memories. I really enjoyed staying with my host family and getting to experience everyday life in New Zealand. I loved spending time with my host family, having dinner together, talking about our days and doing things together on the weekends. It was really nice to feel welcomed and become part of the family for the time I was there

Taupō

Taupō itself was also such a beautiful place to live. I especially loved spending time at the lake, going on the jet skis and enjoying the beautiful surroundings. There were also lots of trips and activities organised, so there was always something to do and something new to experience. Whether it was exploring Taupo, going on trips, meeting other students or just doing something together, I never felt bored.

Subjects to choose

If I could choose my subjects again, I would definitely choose Hospitality, Food & Nutrition and ODE again. They were so much fun, and they were a great way to meet people and make new friends. I also really liked that the subjects were very different from what I was used to at school and gave me the chance to do more practical things.

Support at school

Aniek always made sure that everyone was doing well, felt comfortable and had something to do. She was always there if we needed help or had any questions, which made me feel really looked after during my stay. I also really enjoyed meeting other students from different countries and making new friends.

Overall, I had such a great time in Taupō and would definitely recommend the experience to anyone thinking about going to New Zealand. I made so many memories that I will always remember, and I enjoyed my time there so much that I definitely want to come back one day! ❤️
